This employee entered on duty 2-3-41 as a Special Agent in Grade CAF-9, \$3200 per annum, on 5-16-45 he was reallocated to Grade CAF-12, \$4600 per annum. As the result of uniform promotions and basic salary increases his salary in GS-12 was increased to \$7200 per annum. He is being considered for reallocation to Grade GS-13, \$7600.

On 11-19-45 Mr. Carson rated him EXCELLENT and said he had administrative ability and it seemed probable that this Agent would develop executive talent. He was inclined to be impatient at delays and to react a little stubbornly to criticism. These characteristics had become much less marked; he was the type of agent his SAC would unhesitatingly assign to a difficult or ticklish "Special." He had the requisite imagination, enthusiasm and ability not to lose sight of his objectives to carry out his assignment.

On 3-31-48, 3-31-49 and 3-31-50 he was rated EXCELLENT

During an Inspection of the Milwaukee Office in May, 1950, the SAC commented that he had been assigned exclusively to criminal investigations and particularly to Theft from Interstate Shipment cases. He had recently been qualified as a general police instructor; his productivity was considered above average and he had been particularly successful in making thorough investigations in Theft from Interstate Shipment cases which had resulted in successful prosecutive action. The Inspector added he was rated excellent in dictation ability. He liked Criminal cases and had done well on such assignments. Inspector (Harbo) said generally he concurred with the comments of the SAC.

By letter dated 6-21-50 he was cautioned as a result of two case write-ups during the May, 1950 inspection of the Milwaukee Division. The first case was assigned to him on 2-7-50; however, as of May 23, 1950 no report had been prepared. The second case was assigned to him from July, 1949 until January 11, 1950 when it was re-assigned to another Agent and as of that date no report had been submitted. It had been noted in connection with the first case he explained that all leads had been handled with negative results. No report was submitted in the second case due to the presence of other urgent matters although investigation had been promptly undertaken. However, he was told delinquencies of this nature in the submission of investigative reports were not in accordance with Bureau standards.

It is noted that his overtime for the month of October, 1950, was 45 minutes, November 1 hour 28 minutes and December 2 hours 1 minute. The Office overtime for October was 1 hour 10 minutes, November 1 hour 24 minutes and December 1 hour 32 minutes.

On 2-13-51 SAC Hosteny rated him EXCELLENT and recommended him for Grade GS-13 reallocation.

In March, 1951 he was considered for reallocation to Grade GS-13; however, he was passed over at that time to be reconsidered upon receipt of his 1951 annual report in view of the letter of caution directed to him in June, 1950.

On 3-31-51 SAC Hosteny rated him SATISFACTORY and said he was rated excellent in dictation, had demonstrated an ability to handle the more complicated investigative matters. There appeared to be no limitation on his physical condition which would prevent him from performing duties involving arduous physical exertion and participating in raids and dangerous assignments involving the use of firearms and defensive tactics. He was rated in the upper limits of satisfactory.

A review of his file reflects that he is available for general and special assignments wherever his services were needed.

RECOMMENDATION: It is recommended that he be passed over for reallocation to Grade GS-13 and that he be reconsidered in September, 1951.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee RICHARD C. THOMPSONTitle Special AgentRating Period: from 4/1/51 to 9/10/51

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
○ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

RICHARD C. THOMPSON

This is a special administrative performance rating occasioned by the transfer of the SAC to the Springfield Office.

SA Thompson always presents a neat appearance, is personable, has a very good attitude toward his work, is dependable, cooperative, enthusiastic and loyal.

He is physically fit, is qualified in the use of firearms and has ability to participate in raids and dangerous assignments.

He exercises a great amount of resourcefulness, ingenuity, forcefulness and aggressiveness in his work and his judgment is considered excellent. He takes the initiative, produces a good volume, is accurate and his work requires a minimum of supervision. His productivity is above average. He has an excellent knowledge of his duties, the rules and regulations of the Bureau and is capable of applying his knowledge in a satisfactory manner.

During the rating period he has been assigned to various types of criminal cases, has spent a great amount of his time in the development of potential criminal informants and the contacting of informants and has a thorough knowledge of this phase of the Bureau's work.

He has testified on numerous occasions in the U.S. District Court where he has always made a creditable witness. He is considered an excellent dictator.

I am informed by Agent Thompson that he is available for general and special assignments wherever the need of his service is required. Commensurate with his experience in the Bureau, Agent Thompson has given evidence of having the average amount of administrative ability. It is felt that he is capable of performing in a satisfactory manner in a supervisory capacity. He is entitled to the rating of satisfactory.

Name: RICHARD C. THOMPSON
Where Assigned: Headquarters City - Milwaukee, Wisconsin
E.O.D.: February 3, 1941
Present Grade: GS-13 .

Since entering on duty in the Bureau, Agent Thompson has been assigned to the Los Angeles Office, special assignment in Germany and since his return in 1944, has been assigned to general criminal work in the Milwaukee Office.

Agent Thompson has an excellent knowledge of the German language, is most conversant with the development and maintenance of criminal informants and he is a "top notch" all-around criminal investigator.

It is believed that Agent Thompson's outstanding field would be that of dealing with criminal informants, bank robberies, auto theft rings and TFIS hijacking cases.

Agent Thompson has excellent reporting ability in that he writes reports which require absolutely no supervision and can be depended upon to "take over" any matter and carry it to a logical conclusion and report it in an excellent manner.

He would be a definite asset on any "special" involving most types of criminal cases because of his peculiar ability to handle "paper work". It is not believed Agent Thompson would be particularly good on any type of undercover assignment unless it involved a matter wherein he could use his knowledge of the German language.

Office Memorandum • UNITED STATES GOVERNMENT

TO : DIRECTOR, FBI
FROM : SAC, MILWAUKEE
SUBJECT: RICHARD CHARLES THOMPSON
SPECIAL AGENT
MILWAUKEE DIVISION

DATE: November 16, 1951

CONFIDENTIAL

Rebulet 10/3/51 requesting advice as to any reason for the low amount of voluntary overtime performed by this agent for the month of October, 1950 (45 minutes per day).

I have talked to Mr. THOMPSON concerning this matter and he advises me the only reason he had for the low amount of overtime performed in October, 1950 was due to the type of case that was assigned to him at the time, all of which he maintained in a current status by the amount of work performed.

I should like to respectfully call to the Bureau's attention, however, the amount of overtime performed by this agent subsequent to October, 1950 which is as follows:

| | Date | Avg. Per Day |
|-------------|-----------|----------------|
| <u>1950</u> | October | 45 min. |
| | November | 1 hr. 28 min. |
| | December | 2 hrs. 1 min. |
| <u>1951</u> | January | 1 hr. 41 min. |
| | February | 1 hr. 42 min. |
| | March | 59.3 min. |
| | April | 1 hr. 20 min. |
| | May | 1 hr. 26 min. |
| | June | 1 hr. 30 min. |
| | July | 1 hr. 54 min. |
| | August | 1 hr. 12 min. |
| | September | 2 hrs. 29 min. |
| | October | 2 hrs. 27 min. |

In addition to the foregoing, I would like to respectfully call to the Bureau's attention that I consider SA THOMPSON one of the better agents assigned to this office. He handles the bulk of the criminal informant work, police liaison and the more complicated type of criminal cases. During the past week while in a conference with the Chief of Police of Milwaukee and high ranking officers of his department, they advised me that since SA THOMPSON has been assigned as liaison agent with that department, they feel that relations have improved considerably between the Milwaukee PD and the Milwaukee Office. I have personally noted a decided increase in the number of cases that are being referred to us by the police department here.

RLME:jl

In addition SA THOMPSON performed in a highly satisfactory and efficient manner during the recent bank robbery cases occurring in this division. At the present time, he is working exclusively on the two bank robbery cases captioned "JAMES JOSEPH LEATHER et al - Northwestern Office - First Wisconsin National Bank - Milwaukee, Wisconsin - 11/7/51" and "UNSUBS (2) - East Side Federal Savings and Loan Association - Milwaukee, Wisconsin - 10/8/51" and it is believed if the successful solution of the latter case takes place, it will be due in part to the hard work of this agent.

I have never, at any time, called upon SA THOMPSON for effort over and above the normal tour of duty in which I have received a reply other than in an enthusiastic manner, indicating he was most ready to cooperate.

It is my sincere belief that this agent is fully qualified for the Grade GS-13 and it is recommended that the Bureau favorably consider him for same.

On 3-31-48, 3-31-49, and 3-31-50 he was rated EXCELLENT.

By letter dated 6-21-50 he was cautioned as a result of two case write-ups during the May, 1950 inspection of the Milwaukee Division. The first case was assigned to him on 2-7-50; however, as of May 23, 1950, no report had been prepared. The second case was assigned to him from July, 1949 until January 11, 1950 when it was re-assigned to another Agent and as of that date no report had been submitted. It had been noted in connection with the first case he explained that all leads had been handled with negative results. No report was submitted in the second case due to the presence of other urgent matters although investigation had been promptly undertaken. However, he was told delinquencies of this nature in the submission of investigative reports were not in accordance with Bureau standards.

His overtime record for the month of October, 1950, was 45 minutes, November 1 hour 28 minutes, and for December 2 hours 1 minute.

On 2-13-51 SAC Hosteny rated him EXCELLENT and in a separate communication his SAC recommended him for reallocation to Grade 13. Upon consideration, he was passed over to be reconsidered at a later date, in view of the letter of caution directed to him in June, 1950.

On 3-31-51 SAC Hosteny rated him SATISFACTORY in the upper limits. On 6-20-51 he again was considered for reallocation to GS-13; however, he was passed over to be reconsidered at a later date because he did not assume his equitable share of the burdens and responsibilities of the office and also because of the caution letter he received on 6-21-50.

On 9-10-51 SAC Hosteny rated him SATISFACTORY and said his judgment was considered excellent, he produced a good volume, his work required a minimum of supervision, his productivity was above average, and he had an excellent knowledge of his duties. He had spent a great amount of his time in the development of potential criminal informants and the contacting of informants and had a thorough knowledge of this phase of the Bureau's work. He was available for general and special assignment, he had given evidence of having the aver-

age amount of administrative ability, and it was felt he was capable of performing in a satisfactory manner in a supervisory capacity.

By memorandum dated 10-16-51 his SAC was authorized to utilize the services of Agent Thompson as a Week-end Supervisor.

By memorandum dated 11-16-51 his SAC advised that in regard to this Agents' low overtime for the month of October, 1950, Thompson advised that the only reason he had was that it was due to the type of case that was assigned to him at the time, all of which he maintained in a current status by the amount of work performed. His overtime for the month of January, 1951, was 1 hour 41 minutes, February 1 hour 42 minutes, March 59.3 minutes, April 1 hour 20 minutes, May 1 hour 26 minutes, June 1 hour 30 minutes, July 1 hour 54 minutes, August 1 hour 12 minutes, September 2 hours 29 minutes, and for October, 1951 2 hours 27 minutes. In addition to the foregoing, the SAC would like to respectfully call to the Bureau's attention that Thompson was considered one of the better agents assigned to that office. He performed in a highly satisfactory and efficient manner during the recent bank robbery cases occurring in that division, and the SAC recommended him for Grade 13 reallocation.

A review of his file reflects that he has had 10 years of service as a Special Agent; he has the ability to handle the more complicated investigative matters; he is physically fit and is qualified for use in raids and dangerous assignments; he is available for special or routine assignments anywhere his services are needed; he has been in Grade 12 since 5-16-45; and he has been rated EXCELLENT on his 1948, 1949, and 1950 annual reports and SATISFACTORY in the upper limits on 3-31-51.

RECOMMENDATION: It is recommended he be reallocated to Grade GS-13, \$8360 per annum.

~~PERSONAL & CONFIDENTIAL~~

Rebulet 1/3/52 captioned as above which instructs that the Bureau be advised of the names of two experienced and mature Special Agents who I feel are qualified to conduct civil rights investigations as candidates for a specialized school on this subject.

By teletype today I advised the Bureau that I recommended SAs RICHARD C. THOMPSON and FRANK J. LARKIN for this school. Below are my reasons for believing that SAs THOMPSON and LARKIN are the best qualified agents for this type of assignment.

SA RICHARD C. THOMPSON EOD in the Bureau 2/3/41. He is now in Grade GS 13. He has been assigned to the Los Angeles Office and served on a special assignment in Germany. He is now assigned to the handling of general criminal work in the Milwaukee Office.

SA THOMPSON is above average in size physically, presents a very good personal appearance, is aggressive, intelligent, and at the present time, in addition to handling general criminal matters and the development of criminal informants, handles liaison matters with the Milwaukee PD, which he is handling in an outstanding manner. He is an agent who gets one of the first calls if there is a particularly difficult criminal case to handle.

I believe that he has the discretion and intelligence necessary to properly handle investigation of civil rights cases. He has an excellent knowledge of the German language and the linguistic ability to properly report the results of a civil rights investigation in such a manner that the report will require probably no supervision before being disseminated to department officials.

In this connection attention is directed to mylet of 12/18/51 entitled "Special Agents of Outstanding Criminal Investigative Ability" transmitting a memo concerning SA RICHARD C. THOMPSON and other agents. For the reasons set forth above I have selected SA THOMPSON as one of the two agents to attend

the special school concerning civil rights matters and, as I pointed out in mytel of this date, he is on standby notice for inspection assignment of approximately six weeks duration, commencing approximately 1/7/52.

SA FRANK J. LARKIN was reinstated in the Bureau on 4/15/46. Since his reinstatement he has been assigned to the Milwaukee Office. He is in Grade GS 12 and at the present time handles general criminal matters and is particularly assigned to matters involving violations of the WSTA and Bank Robberies. SA LARKIN also handles the development and contacts of criminal informants.

SA LARKIN presents a very good personal appearance, is about average in size physically, has a friendly personality, and inspires confidence in those with whom he comes in contact. He appears to be quite adaptable to almost any situation and I feel that he has the necessary discretion, tact, etc., to properly conduct himself in the handling of civil rights investigations.

I have personally observed SA LARKIN in the handling of two recent major cases of which I took personal charge and feel that his work in both of these cases was of an outstanding calibre. I would like to point out that in the reporting of investigative matters his work requires very little, if any, supervision and it is felt that he would be adept at reporting the results of civil rights investigations in such a manner that it would require a minimum of review before dissemination to department officials.

For the reasons set forth above I recommend SA LARKIN for consideration to attend the specialized civil rights school.

It is my intention when SA LARKIN is next ordered to In-Service to recommend that he be afforded inspector's aide training as I feel that he is well-qualified to receive such training. If the Bureau contemplates affording the men attending this class this training it is recommended that he receive it at that time.

PERSONAL & CONFIDENTIAL

Re Section A of SAC Letter #121 series 1951 dated 12/20/51.

I would like to submit the names of the following Special Agents for consideration under the Bureau's personnel advancement program:

SA JOHN W. SILER
SA JAMES E. MC ARDLE
SA/RICHARD C. THOMPSON
SA FRANK J. LARKIN

SA JOHN W. SILER EOD in the Bureau 10/7/40 and is now in Grade GS 13. He presents a very good personal appearance, is very intelligent, has excellent judgment and has a personality adaptable to changing conditions and is easily able to make contacts and to meet all types of people.

He has had extensive field supervisory experience as a relief supervisor and, since May, 1951, has been the regular applicant supervisor of the Milwaukee Office. SA SILER is a qualified Bureau speaker and I anticipate requesting the Bureau to afford him Inspector's Aide training when he is next called in for In-Service training. I feel that SA SILER'S outstanding ability is as a supervisor and, as a supervisor, he has the ability to handle the work of those under his jurisdiction in such a manner as to obtain maximum results with a minimum of confusion and uncertainty. He appears to have the respect of all those under his supervision. He has an analytical mind and is able to grasp the ramifications of a given problem and see the solution thereto in advance.

SA JAMES E. MC ARDLE was reinstated in the Bureau 11/3/47. He is now in Grade GS 12. He presents an excellent personal appearance, is mature and businesslike, and appears to have an above average degree of initiative, force and aggressiveness. He has had experience as a resident agent, is a qualified police instructor and has received Inspector's Aide training.

Memo, Director
MI 66-922
1/11/52

Since 11/28/51 he has been assigned as the regular security supervisor in the Milwaukee Office. As he has had no previous supervisory training, he is receiving such training at this time and, while it is too early to determine definitely what his final capabilities as a supervisor will be, from all appearances he is apparently going to perform a satisfactory job. He has already called a number of things to my attention on his desk which require immediate correction and, of course, the necessary action is being taken to do so. SA MC ARDLE also served as a counselor in a New Agents Training Class during the summer of 1951 at the Bureau. He is a qualified Bureau speaker and has made a number of appearances in this territory which apparently have all been very well received. It is my opinion that at the present time SA MC ARDLE'S most outstanding characteristic is his personal appearance and his ability to contact the public generally.

SA RICHARD C. THOMPSON BOD at the Bureau 2/3/41. He is now in Grade GS 13. SA THOMPSON presents a very good personal appearance, being above average in size physically, is aggressive, highly intelligent and at the present time is handling general criminal matters of the major case type. He is also engaged in the handling and developing of criminal informants and is particularly well qualified for this type of assignment. I consider SA THOMPSON an outstanding criminal investigator. He has received some training as a weekend supervisor and appears to have a considerable amount of aptitude for this type of work. He has an excellent knowledge of the German language and the linguistic ability to properly report the results of any type of investigation he performs in a manner which requires little, if any, correction. He is also particularly good in liaison matters and has handled liaison matters with the Milwaukee PD in recent months. I recently had occasion to talk to the higher officials of the Milwaukee PD and they were high in their praise of SA THOMPSON'S ability to promote harmonious relations between the PD and this office. SA THOMPSON has a retentive memory which serves him particularly well in connection with handling criminal cases of the major type. I plan to afford SA THOMPSON the opportunity to receive some additional training in field supervisory work in the coming months. He has had Inspector's Aide training although he has not participated in any field office inspections to date. He was recently recommended to the Bureau for attendance at a special civil rights school as set forth in alet of 1/4/52 captioned "Civil Rights Matters."

SA FRANK J. LARKIN was reinstated in the Bureau 4/15/46. He is in Grade GS 12. He presents a very good personal appearance, is average in size physically, has a very friendly personality and inspires confidence in those with whom he comes in contact.

He has been assigned to criminal cases of the major type and is an enthusiastic, aggressive, and outstanding investigator. He has

RICHARD C. THOMPSON

SA Thompson is a tall well built individual who dresses neatly, conservatively and in good taste at all times. He is personable and during the rating period has served as liaison man with the Milwaukee Police Department where he has made many friends and gained much respect for the Bureau./

' He handles an exceptionally large volume of work, is accurate and his work requires practically no supervision. He exercises good judgment, common sense and has "know how". He plans his work well and has an excellent knowledge of the Bureau's rules and regulations. He can handle the most complicated investigation.*

SA Thompson has appeared as a witness in U. S. District Court on many occasions where he makes a creditable appearance. He is rated as an excellent dictator. He operates a Bureau car in a satisfactory manner, uses the touch system of typing; however, he knows no shorthand. He has an excellent knowledge of the German language. During the rating period he has been responsible for developing and maintaining contact with a large number of criminal informants which he has done in a creditable manner.

SA Thompson is forceful, aggressive, has no physical limitations and I would not hesitate to place him in charge of any raid or dangerous assignment.

During the rating period he received his Grade 13, was approved as a weekend supervisor, was recommended to the Bureau as that type of agent who would work very well on any special assignment and received inspector's aide training.

This agent participated in the apprehension of many fugitives during the rating period and was utilized by me in a large number of the major cases that have developed in this office since October 1, 1951. By letter dated 3/22/52 the Bureau commended Agent Thompson for the exemplary work performed by him relative to the investigation of the burglary of the La Vere Redfield residence, Reno, Nevada, February 29, 1952.

' I have used this agent to a limited extent as relief supervisor since my arrival in this office and I am confident he is now ready for additional responsibility. I understand Agent Thompson is available for general and special assignment wherever his services may be needed. /
Rating: Satisfactory.

ANDRIES ROBERT YOUNG, was., et al *(Richard C Thompson)*
Burglary of L. V. Redfield Residence
Reno, Nevada, February 29, 1952
INTERSTATE TRANSPORTATION OF STOLEN PROPERTY
CONSPIRACY

The successful solution of this case, which has been popularly characterized in the press as the largest burglary ever committed in the United States, has been brought about by exceptional work on the part of numerous Bureau employees. On the basis of recommendations made by the various Special Agents in Charge, as well as observations made at the Seat of Government, the following recommendations are being made. It is noted that thirty-three letters of commendation and two meritorious increases in salary are recommended. While this is a large number, it is observed that this is a case of great magnitude. In effect it is the same as four or more separate cases and thus the number of commendations is not excessive.

LOS ANGELES DIVISION:

ORIGINAL FILE IN
The location of Subject Jeanne Michaud on a transcontinental train was brought about by exceptionally thorough investigation at Los Angeles. The only fact known was that Michaud had sent a telegram from Los Angeles to her son in New Jersey. The Agents determined that this telegram was sent from the Union Station in Los Angeles. Even though no photograph was available, the Agents, through thorough interrogation of Western Union employees, ascertained that the subject had stated she had to hurry to make her train. On the basis of this statement and the time element, the Agents established that subject was undoubtedly on a Santa Fe train to Chicago. Actually subject was on the train and was positively identified by Agents of the Phoenix Division as the train was proceeding through Arizona. The Special Agent in Charge at Los Angeles has recommended a letter of commendation for SA Lester H. Eicherly and that SA John E. Kelly, Jr., be considered for a letter of commendation and a meritorious increase in salary, predicated not only on this case, but also on his intense interest and work in connection with White Slave Traffic Act violations and the informant program at Los Angeles. The facts submitted do not justify a meritorious increase in salary and the Investigative Division recommends letters of commendation for both of these Agents.

MILWAUKEE DIVISION:

Three subjects in this case were arrested at Milwaukee by Bureau Agents. These subjects are Andries Robert Young, who was arrested March 11, John B. Triliegi and Frank Sorrenti, both of whom were arrested March 15. These three subjects are hardened criminals.

Memorandum to Mr. Ladd

and their apprehensions were effected smoothly and efficiently by a squad of Agents under the personal supervision of SAC Robert L. Murphy. Administrative details in connection with these apprehensions, including the making of pretext telephone calls and the issuance of radio instructions, were handled by ASAC Roy Moore in a very commendatory manner. The Investigative Division recommends that letters of commendation be addressed to SAC Murphy and ASAC Moore. The SAC at Milwaukee has recommended letters of commendation for the following Special Agents: John J. Boyd, Laurence J. Giumtoli, Warren J. Kenney Frank J. Larkin, John F. Meyer, Richard C. Thompson and Joseph M. Zimmerman. The Investigative Division concurs in these recommendations.

PHOENIX DIVISION:

The identification and arrest of Subject Michaud was effectively handled by Special Agents W. Jack Christopherson and Jeff R. Laird. The Special Agent in Charge at Phoenix has recommended letters of commendation for these Agents. In view of the fact that these Agents who handled this case at Flagstaff, Arizona, did not effect the proper liaison with the local authorities and thus prevent unwarranted statements to the press by employees at the county jail, the Investigative Division does not believe any letters of commendation are justified.

SAN FRANCISCO DIVISION:

Inasmuch as Reno, Nevada, is located near the California border, extensive investigation was conducted by the San Francisco Division. Particularly effective investigation was conducted by Agents of the San Francisco Division in arranging with state officers at the Bureau of Identification at Sacramento to receive a wire photograph of Subject Young from the Bureau and getting this photograph delivered to Reno. It is also noted that particularly effective investigation was conducted by the San Francisco Division relative to the location of Subject Gazzigli who was ultimately apprehended at Reno on March 14. The Special Agent in Charge at San Francisco has recommended letters of commendation for the following Special Agents: Roy C. Fraties, Paul J. Malone, Edwin P. Park, Sheldon W. Parks and John M. White. The Investigative Division concurs in these recommendations.

SALT LAKE CITY DIVISION:

The investigation at Reno, Nevada, has been handled as a special assignment by a squad of Agents under the personal supervision of SAC Brown. Three stenographers plus a clerk were sent to Reno from

Memorandum to Mr. Ladd

Salt Lake City to assist in this investigation. For a period of nearly three weeks all of these employees have worked exceptionally long hours. Tours of continuous duty, often in excess of twenty-four hours, have occurred and it is conservatively estimated that all of the Agents have averaged at least sixteen hours a day ever since this case broke. Their investigation has been most effective and in a majority of instances, evidence leading to the location of the several fugitives and the recovery of the stolen property has resulted from information developed by investigation at Reno. SAC Brown has recommended letters of commendation for the following Special Agents: John D. Armstrong, Philip M. Brown, Paul J. Callis, T. Hyrum Callister, George E. Gilkerson, Ford E. Holmes, Delmar L. Larson, Richard E. Luebben, Loring J. McGee, Carrol T. Nevin, Kenneth W. Sheets, Richard H. Taylor; for the following stenographers, Mary H. Edmundson, Mary Evelyn Nelson and Frances J. Riley; and for clerk, Richard L. Beckstead, Jr. The Investigative Division concurs in these recommendations.

SAC D. K. BROWN

When the Redfield burglary was first reported, SAC Brown promptly recognized it as a case of major importance. He established effective liaison with the local authorities. This liaison was so effective that the local authorities requested the Bureau to take charge of this investigation if there were any indication or any possibility that a Federal violation might be involved. When Brown was instructed to institute a full investigation, he foresaw a great majority of the problems which would arise. He efficiently organized a major case squad to handle this matter. He assigned sufficient personnel, including stenographic and clerical help. He saw to it that the necessary physical equipment was promptly delivered to the resident agency and made arrangements for the installation of teletype facilities so that all of the equipment necessary was ready and operating when the need for it subsequently arose.

The supervision of this major case on the scene by SAC Brown has been outstanding. He has directed the investigative operations in a most efficient manner. Brown's liaison with the local authorities has been so effective that he has been able to secure assistance from them where needed without any violation of our confidence. For example, in two instances subjects were detained in the city police department jail and no information concerning the fact that they were being held was released to anyone. It is therefore, the recommendation of the Investigative Division that SAC Brown be afforded a meritorious increase in salary. A notation should be made in his personnel file indicating his proven ability to handle major case squads so that

Memorandum to Mr. Ladd

his services may be utilized in the future should a case of major significance arise necessitating this type of special handling.

SA LORING J. MC GEE

McGee is a resident Agent at Reno, Nevada. In addition to efficiently handling major phases of this investigation, at Reno, McGee has served as Number One Man to SAC Brown in connection with this special investigation. He has exercised initiative in supervising the squad when SAC Brown was necessarily absent, conducting investigation himself or conferring with the U. S. Attorney, the Chief of Police and other officials. It is, therefore, recommended that he be considered for a meritorious increase in salary.

SEAT OF GOVERNMENT:

Because of the time differential between Reno and Washington, many major developments in this case were reported to Washington during the late evening and early morning hours. During this period of time, Special Agents Orson F. Myers and Joseph A. Lehman have been the Supervisors on duty in the General Investigative Division in the absence of the acting Assistant Director. They have exercised initiative and shown good judgment in taking appropriate action predicated upon these developments which were reported telephonically. Because of the outstanding manner in which they have handled these exceptional supervisory responsibilities, I believe they should be given letters of commendation. I have previously recommended that SA Joseph A. Lehman be commended for his initiative and supervision in having the photograph of Subject Young sent to the West Coast by wire. If this letter has been approved, an additional letter of commendation will not be necessary.

For your information in considering these letters of commendation, the following is reported concerning one incident which has arisen. Following the arrest of Subject Giordano at Reno, her apartment was searched. No evidence of any of the Redfield loot was located in her apartment. Subsequently, Giordano admitted she had withheld information and nine \$1,000 bills of the Redfield loot. She claimed that these bills had been secreted in a box of soap powder in her apartment. The Agents who searched the apartment have advised that all of the containers, including boxes of soap, were searched and that the currency was not in the apartment at the time they conducted the search. Full details concerning this are being secured as soon as Agents can be spared from the almost continuous investigation which has been conducted in this case. Whether or not subsequent investigation

Memorandum to Mr. Ladd

establishes any dereliction, it is not believed that such development should affect the issuance of the letters of commendation recommended. Action is being taken to determine the facts as to whether there was any dereliction. If there was, appropriate action will be recommended. This should not detract from the otherwise splendid job done in this case and it is not believed we should withhold any of the letters of commendation at this time.

ADDENDUM EHW

I want to recommend that a letter of commendation be directed to Supervisor C. A. Evans, who has been supervising this case and who has been most diligent and capable in advising and assisting the Field in its investigation. This investigation has been moving very very rapidly and it has many facets. His sage observations and good advice have been of considerable help to the Field in its investigation. I recommend, therefore, that he be given a letter of commendation.

PERSONNEL ADVANCEMENT

PERSONAL & CONFIDENTIAL

Re Section B, SAC Letter No. 34, Series 1952, dated 4/8/52.

Referenced letter instructs that I specifically comment on the potential for advancement of all full time approved field supervisors except the ASAC.

Kindly be advised we have only one regularly approved field supervisor at this time, namely, SA JAMES E. MC ARDLE, as SA JOHN W. SILER JR. has resigned and his successor has not been named by the Bureau as yet.

I would like to suggest the names of the following SAs for consideration under the Bureau's personnel advancement program:

JAMES E. MC ARDLE
CLARK E. LOVRIEN
ARTHUR F. BAIER

SA MC ARDLE was reinstated in the Bureau on 11/3/47. He is now in Grade GS-12. He presents an excellent personal appearance, is mature and businesslike and has above average degrees of initiative, force and aggressiveness. He has had experience as a resident agent, is a qualified police instructor, has received inspector's aide training and since 11/28/51 has been assigned as the regular security supervisor of the Milwaukee Office. He has had no previous supervisory experience but has displayed an aptitude for this work, is enthusiastic and I believe he has sufficient qualities of leadership to advance in the Bureau's work. He appears to have the respect of the agents under his supervision, is a good contact man and I think, with additional supervisory experience, could be considered for the position of ASAC in a small office. I feel he should have possibly another year of field supervisory experience and then would need a period of experience as a Bureau supervisor.

SA MC ARDLE is married, has four children which size family of course always presents a number of problems on transfers. For that reason, I would suggest he be permitted to remain here in his present capacity for a number of months more before he is considered for transfer, although he is available for

transfer at the discretion of the Bureau. The above suggestion is being made in view of the fact that I feel he does need additional field supervisory experience.

SA LOVRIEN entered on duty 5/5/41. He was promoted to Grade GS-13 on 12/23/51. He has been assigned as resident agent at Wausau, Wisconsin since 7/18/50. He presents a very good personal appearance, is highly intelligent, mature and has very good judgment. He is personable and readily makes contacts among all types of people. I am advised by SA LOVRIEN that he has had field supervisory experience while assigned to the Atlanta Office. He is a qualified Bureau speaker and a police instructor and has been used in these capacities on a number of times in a very satisfactory manner. In addition, he is designated as senior resident agent at Wausau and although there is only one other agent assigned there regularly, he appears to assume the necessary supervisory duties in connection with that position in a satisfactory manner and is enthusiastic about his work in the Bureau. He is an exceptionally well qualified criminal investigator and is particularly adept at investigating bank robbery, extortion and related criminal cases. I feel that he could easily qualify as a Bureau or field supervisor on criminal matters at the present time and that he has potentialities for development as an ASAC at this time.

SA LOVRIEN is available for assignment; however, he advises me that during the past two months, his wife contracted measles which has left her with a condition which may be arthritis. She is undergoing some examinations at the present time and this one item might temporarily restrict SA LOVRIEN's availability. His name is being listed, however, as I feel he is one of the types of men the Bureau should consider for additional responsibility.

SA ARTHUR F. BAIER entered on duty 3/16/42. He is now in Grade GS-13. SA BAIER is now assigned as resident agent at Madison, Wisconsin and further serves as an alternate senior resident agent in the absence of the regular senior resident agent.

SA BAIER has had some supervisory experience as a relief supervisor while assigned to the San Francisco Office and was assigned to the Bureau security section as a Bureau supervisor for three years and ten months. He reported to the Milwaukee Office for assignment on 11/6/51. SA BAIER presents a very good personal appearance, is mature, appears to have good judgment and is personable. He has the ability to make contacts among all types of people. While he has been away from investigative work for a number of years, due to the change in

DIRECTOR, FBI

April 30, 1952

conditions and regulations, it has taken him some time to again become familiar with investigative work. He is a hard worker and while his home is in Wisconsin, he advises me he is available for assignment as he entered the Bureau with that intention.

I feel that SA BAIER could function at this time either as a field office or Bureau supervisor but believe he has been away from the investigative field long enough that he needs additional training in investigative work before he assumes a position of ASAC. I think that with a few more months of freshening up on investigative matters, he would and could serve in the capacity of an ASAC in a small office.

My P and C letter of 1/11/52 captioned "PERSONNEL ADVANCEMENT" listed the names of SAs RICHARD C. THOMPSON and FRANK J. LARKIN to be considered for advancement. I still feel that both of these agents have capabilities for advancement; however, SA LARKIN's wife is in poor health at present and must soon undergo a serious operation. I do not feel he would be readily enough available to be considered for advancement at this time. SA LARKIN is in Grade GS-12.

SA RICHARD C. THOMPSON is in Grade GS-13. He is an outstanding criminal investigator and states that he prefers criminal investigative work although he would not turn down a supervisory assignment if he were ordered to assume one. I think that he would not turn down a supervisory assignment if he were ordered to assume one. I think that he could function as a supervisor if necessary and he is an approved weekend supervisor at the present time and has been recommended as a relief supervisor. He indicates to me that he would be available for assignment wherever needed. However, for the time being, he would prefer remaining an investigator and accordingly is not being recommended by me at this time for advancement in view of his indicated preference.)

In addition to SAs BAIER and THOMPSON, who are in Grade GS-13, this office has the following agents assigned who are in Grade GS-13:

EDWARD E. CONVERSE
EDWARD F. FARRINGTON
JOHN H. GASSAWAY
THOMAS J. GRAHAM
WARREN J. KENNEY
ALEXANDER P. LE GRAND

CLARK E. LOVRIEN
ALBERT G. MACDONALD
ALEXANDER D. MANSON
M. W. MEEKINS
JOHN F. MEYER
MAURICE H. PRICE

It is noted that comments concerning SAs BAIER and LOVRIEN are set out above as they are recommended for advancement. The

April 30, 1952

following is the present status as to the remaining agents in Grade GS-13:

SA EDWARD E. CONVERSE advises me he prefers investigative work and at this time is not interested in supervisory work.

SA EDWARD F. FARRINGTON advises me he was assigned to the Bureau for three and one-half years as a supervisor and at that time was interested in advancement as a supervisor. He states that now he has two children and he does not feel that the compensation for supervisory work is adequate enough to desire to advance along those lines as he prefers investigative work.

SA JOHN H. GASSAWAY advises me he prefers investigative work. In addition, both his mother and father died of tuberculosis and SA GASSAWAY has a dread of contracting such disease himself if he is assigned to inside work.

SA THOMAS J. GRAHAM is regularly assigned as resident agent at Eau Claire, Wisconsin. He is now on special assignment at the Bureau as a counsellor for new agents training classes and, of course, I have not had an opportunity to discuss this matter with him. I feel he does have some capabilities for advancement in the Bureau's work as a supervisor and he has had some supervisory experience. It is suggested the Bureau may desire to have him interviewed at the SOG concerning his desires in this matter because I would have no objection to him being advanced if he is inclined to like supervisory work.

SA WARREN J. KENNEY advises me he prefers investigative work. He has had both Bureau and field supervisory experience and is a relief supervisor in this office at the present time on the desk of the ASAC. SA KENNEY is fully capable of handling supervisory work; however, in view of his indicated preference for investigative work, he is not being recommended.

SA ALEXANDER P. LE GRAND indicated to me that he is interested in advancing in the Bureau's work. His file reflects that the Bureau refused to designate him as a full time supervisor on the security desk in the Milwaukee Office. I feel that he has the qualities which would make him a good Bureau or field office supervisor. However, I have serious doubts as to whether SA LE GRAND has sufficient drive to ever be a successful ASAC or SAC.

SA ALBERT G. MACDONALD advises that he prefers to remain an investigator and has no desire to serve as either an ASAC or SAC. He is of the opinion there is not enough additional compensation to reward an individual who becomes an ASAC or SAC.

SA ALEXANDER D. MANSON advises me he is more interested in investigative work than in supervisory work and would prefer remaining an investigator.

DIRECTOR, FBI

April 30, 1952

SA M. W. MEEKINS advises me he is and always has been interested in advancing in the Bureau's work. He is 47 years of age at the present time but states he does not plan to ask for retirement when he reaches the age of fifty if he has a responsible administrative position at that time. I feel that SA MEEKINS has an adequate amount of supervisory ability to function satisfactorily as a field office or Bureau supervisor. He has one quality which reduces his chances of being a successful supervisor where it is necessary to handle a large number of people in that he is quite blunt and outspoken and sometimes is inclined to arouse a certain amount of resentment among some sensitive individuals. I feel that SA MEEKINS is a very faithful employee to the Bureau and that his services could be very well utilized in a supervisory capacity. I doubt whether the Bureau would want to consider him on a long range program of advancement at this time in view of his age and except for the factor mentioned above where it would be necessary to handle a large amount of personnel, I feel he is adequately qualified. He has been recommended to become the full time applicant supervisor in this office in view of the resignation of SA JOHN W. SILER. I feel that such a post is a proper one for SA MEEKINS at this time and that he will faithfully and conscientiously handle this assignment. In such an assignment, he will not have control over a large volume of personnel.

JOHN F. MEYER advises me that he does not like desk work and stated that he was in a public accounting work for two years before he came into the Bureau as an SA(A). He stated his primary reason for coming into the Bureau was to get away from desk work and for that reason, he would prefer to remain an investigator.

SA(A) MAURICE H. PRICE advises me he is more interested in investigative work than he is in advancing as a supervisor. He is a relief supervisor now and is capable, but is not being recommended for advancement as a supervisor in view of his preference. He is available for transfer but owns his home in Milwaukee, Wisconsin.

SA RICHARD C. THOMPSON. My comments concerning this agent are set out above.

It is noted in referenced Bulet dated 4-8-52 that the Bureau advises it is becoming more and more concerned over the apparent disregard on the part of the Special Agents in Charge of the Bureau's personnel advancement program.

I want the Bureau to know that I am very conscious of my responsibilities in connection with this matter and that I am doing everything possible to develop some agents who could be used as administrators and executives in the Bureau. I think it is

DIRECTOR, FBI

April 30, 1952

clearly apparent from the response I have received from a number of the Grade GS-13 agents that one of the principal difficulties in interesting the more mature agents in such a program is the fact that there is no difference between the salary of an ordinary GS-13 agent and an ASAC, as they are both in Grade GS-13 and in many cases the older Grade GS-13 agents are in a higher salary bracket than many ASACs. Of course, as the Bureau knows, the responsibility of an ASAC is far greater than that of an ordinary agent in Grade GS-13 who is handling investigative matters and I believe that this lack of incentive, particularly with regard to salary matters, tends to make the average Grade GS-13 agent reluctant to consider supervisory duties especially when they know that if they become a supervisor or an ASAC, that they are subject to more frequent transfers than they are when they are an agent engaged in investigative matters. I have received this impression over a period of many months in my conversations with many agents and I am also of the opinion that the fact that a majority of the SACS are no higher than Grade GS-14 leads many agents to feel that the compensation for such a position is not adequate to cover the responsibilities of the position. I think that this is a factor which can explain in part the reluctance on the part of the older agents to desire advancement in supervisory and executive positions.

Re: Let 4/2/52 and resignation of SA JOHN W. SILER, submitted today.

Inasmuch as SA SILER is the Applicant Supervisor in this office, it will be necessary to replace him.

I am, therefore, recommending SA H. W. ~~WALKINS~~ as his replacement with SA WARREN J. ~~KENNEY~~ as an alternate suggestion. Upon Bureau approval of either SA ~~WALKINS~~ or SA ~~KENNEY~~ for this position, it is suggested that SA RICHARD C. ~~THOMPSON~~ be designated a relief supervisor to replace him.

Performance ratings on each of the foregoing have been submitted in the recent past; therefore, no additional comments are being made concerning them on this issue.

**SUPERVISORY ASSIGNMENTS
MILWAUKEE DIVISION**

SAC E. L. Murphy has requested that SA Harzette W. Mockins be approved as applicant supervisor in the Milwaukee Office as a replacement for SA John W. Tiler, Jr. who has resigned. In the event SA Mockins should not be approved for this assignment, the SAC has submitted the name of SA Warren J. Kenney as an alternate recommendation. He has also recommended that SA Richard C. Thompson be approved as a relief supervisor in the Milwaukee Office.

It is noted that the Milwaukee Office presently has four approved full-time supervisors, namely, the SAC, ATAC, a security supervisor and an applicant supervisor. As of 3/31/52, this office had 1795 pending investigative matters and closed 943 cases during the month of March. There were 72 Agents assigned to the Milwaukee Office as of 4/1/52.

There are attached permanent briefs of the personnel files of SAs Mockins, Kenney and Thompson. Pertinent information concerning each of these Agents is set out briefly as follows:

SA HARZETTE W. MOCKINS

This Agent entered on duty 12/1/30, and is presently in Grade GS-12, (\$5300 per annum). He was rated Very Good in 1948, Excellent in 1949 and 1950, and Satisfactory in 1951 and 1952. On 5/24/47, he was censured and placed on probation because of his negligence in connection with a kidnapping case wherein he had failed to locate a second ransom note contained in an envelope which was delivered in connection with this case. He was removed from probation on 9/27/47. He was commended on 12/19/41, and 4/9/45 for the manner in which he handled his assignments and was also commended on 11/30/51, for his participation in the apprehension of Marvin Eugene Stevens, a badly wanted fugitive. His voluntary overtime for October, 1950, was 1 hour and 13 minutes, for November 1 hour and 23 minutes and for December 1 hour and 3 minutes. He has been approved as a relief supervisor and a weekend supervisor in the Milwaukee Office. In his 1952 annual report, SAC Murphy

commented that he had handled his assignment as relief supervisor in a very satisfactory manner and it was felt he should be considered for additional responsibility.

SA WARREN J. KENNEY

SA Kenney entered on duty 11/8/40, and is presently in Grade GS-13, \$3860 per annum, having been reallocated to this grade on 1/20/52. He was rated Excellent in 1948, 1949 and 1950 and Satisfactory in 1951, and 1952. He was cautioned by letter dated 3/21/50, because of his undue delay in submitting an investigative report in a security matter. His overtime for October, 1950, was 6 minutes, for November 1 hour and 7 minutes and for December 1 hour and 3 minutes. He could offer no reason or explanation for his low overtime in October, 1950. It is noted he was passed over for reallocation to Grade GS-13 on 12/1/50, and 2/16/51, because of the letter of caution directed to him on 3/21/50, and also because he did not assume his equitable share of the burdens and responsibilities of the Milwaukee Office. He was subsequently reallocated to Grade GS-13 effective 1/20/52. He has been approved a relief supervisor in the Milwaukee Office since 1948 and has apparently functioned satisfactorily in this capacity. He was commended on 3/22/52 for his work in connection with an Interstate Transportation of Stolen Property case. In his 1952 annual report, SAC Murphy commented that he believed this Agent was qualified for additional responsibility.

SA RICHARD C. THOMPSON

SA Thompson entered on duty 2/3/41, and has been in Grade GS-13 since 12/9/51. His present salary is \$3860 per annum. He was rated Satisfactory in 1951 and 1952 and Excellent for several years previous to that date. He has been approved as a weekend supervisor in the Milwaukee Office. His overtime for October, 1950, was 45 minutes, for November 1 hour and 20 minutes and for December 2 hours and 1 minute. He was cautioned by letter dated 6/21/50, as a result of two case write-ups during an office inspection which involved delay in the submission of investigative reports. He has been recommended by his SAC for consideration on a long-range basis for development. He was commended on 3/2/52, for his work in connection with the apprehension of a fugitive in an Interstate Transportation of Stolen Property case.

Dear Mr. Thompson:

I am well pleased with the success of the White Slave Traffic Act survey made in the area of Camp McCoy, Sparta, Wisconsin, and I want you to know I am aware of the important part you had in the favorable results.

You unselfishly devoted long hours to the organization of this survey and showed particular initiative in the photographing of Subject Henry Hudson and the victims. The qualities displayed by you in this instance measure up to the highest ideals of the Bureau and I wish to apprise you of my personal commendation.

SUBJECT: WSTA SURVEY
CAMP MC COY
SPARTA, WISCONSIN

DATE: 10/8/52

~~PERSONAL AND CONFIDENTIAL~~

Richard C. [unclear]

Reference is made to Bureau letter dated April 21, 1952 captioned, "CAMP MC COY, SPARTA, WISCONSIN, WSTA."

As a result of instructions contained in the Bureau letter of reference, continuous investigation has been underway at Camp McCoy on each payday period since that time in an endeavor to develop WSTA violations. The Bureau has been fully informed of the developments in this case by monthly letters and teletypes.

There have been two individual cases opened and Federal arrests made as a result of this investigation namely "HENRY HUDSON: ALICE HUDSON, WINNIE RICHARDSON, WILLA LEE WICKLIFFE, Victims, WSTA" and "CLARENCE LOCKETT: BERNYDENE LE NEDRA HUMPHRIES and THELMA KELLY, Victims, WSTA." Several other negro prostitutes and pimps have been identified as a result of this investigation.

I should like to point out that on September 30, 1952, as a result of previous investigation, the Chicago Office was able to surveil subject HUDSON and victims previously enumerated, from Chicago, Illinois to Milwaukee, Wisconsin, where two of the Chicago cars dropped out of the surveillance and two Milwaukee cars assisted the third Chicago car in carrying on the surveillance from Milwaukee to Sparta, Wis. Total surveilling distance approximates 300 miles. It was determined through interrogation of subject HUDSON by the agents after his arrest that he had not been aware of the surveillance. The agents were able to keep the subject under continuous observation from the time he left Chicago until he arrived in Sparta and placed his victims to work at about 7:00 P.M. He was thereafter under surveillance until the time of his arrest at approximately 9:30 P.M.

It is felt that the agents assigned to this surveillance did an outstanding job in that they were able to surveil subject through the traffic in the cities of Chicago and Milwaukee, and through the great amount of open country which extends between Milwaukee and Sparta, Wisconsin.

It is felt that letters of commendation should be sent to the following Milwaukee agents who participated in the surveillance:

SA LEONARD T. MC GUIRE
SA JOSEPH S. WALKER
SA JOSEPH M. ZIMMERMAN

66 NOV 17 1952
RKM:ms
cc: Chicago (2)

Inasmuch as the names of all surveilling agents of the Chicago Office are unknown to the Milwaukee Office, it is suggested that the Chicago Office, upon receipt of this communication, forward to the Bureau the names of those agents participating in the surveillance so that they, too, may receive letters of commendation.

Furthermore, it is suggested that SA JAMES S. KLUND, JR. and SA RICHARD C. THOMPSON receive letters of commendation for their participation in this continuous investigation which has been underway since April. SA KLUND and SA THOMPSON made all the plans, effected liaison with officials at Camp Mc Coy, and local officials in Sparta and La Crosse, and perfected arrangements whereby not only the subjects in the two aforementioned cases were arrested along with the victims, but several other individuals who had not violated any Federal statute were taken into custody for ~~admission and during~~ ~~interrogation~~ by agents, furnished much information.

SA THOMPSON originated a plan whereby he was able through placing a large cardboard in a hotel window and punching a small hole therein to take photographs of subject HUDSON and victims surreptitiously. These photographs, when forwarded to the Chicago Office, were an excellent means of identifying subject HUDSON and the victims so that surveillance previously referred to could be effected.

SA KLUND has made the necessary arrangements with local officials to continue observation of Camp Mc Coy personnel on payday nights so that this office will be advised in the event prostitutional activity should again be instituted.

In view of the long hours spent on this investigation for which no compensatory leave was requested on the parts of agents KLUND and THOMPSON, and the many nights they worked all night long, it is felt that they should also be given letters of commendation.

SUBJECT: INSPECTOR'S AIDE: SA RICHARD C. THOMPSON
ASSIGNED: MILWAUKEE
INSPECTION: MILWAUKEE OFFICE
EOD: 2-3-41

DATE: January 21, 1953

Special Agent THOMPSON, during inspection of the Milwaukee Office, was assigned to the following duties: maintenance of exhibits; inventory to the Bureau; bulky exhibits.

At the time of the inspection he was standing by to go to Minneapolis to aid in the inspection there. He left during the course of the inspection.

THOMPSON is a well-rounded, mature and seasoned Agent. His judgment is good and his knowledge of the functions of the Bureau very good. I consider him an excellent aide. He could function very well as an Inspector's number one man.

TO : MR. MASON *M*
 FROM : *HVP* INSPECTOR H. C. VAN PELT
 SUBJECT: RICHARD C. THOMPSON
 Aide to Inspector

DATE: February 17, 1953

Assisted me in Minneapolis inspection, 1-12/25-53, and at Omaha, 1-26/2-5-53. Reviewed criminal informant files and coordinated and prepared said write-ups at each office. Displayed thorough knowledge of duties, evidenced benefits of well-rounded experience and demonstrated very sound, practical approach. Exercised above-average judgment, prepared paper work very well, functioned quite industriously and proved to be a top flight aide. *^*

Presently assigned to general criminal investigations at Milwaukee and development of criminal informants there. Also functions occasionally as Relief Supervisor. Has never been Bureau Supervisor at SOG and does not feel he is well suited to such work; however, he seems to be a very adaptable and cooperative individual with better than average possibilities for further development in supervisory, administrative and executive duties. Recommend he be favorably considered for supervisory position at SOG when it is possible to do so.

Re: PERSONNEL ADVANCEMENT

Section A SAC Letter 53-12, 2/3/53

SA Thompson presents a good personal appearance, is far above average in intelligence, exercises good judgment and has a friendly personality. He is an outstanding criminal investigator and has the ability to make contacts among all types of people. He is an aggressive, tireless investigator, handles the criminal informant program and has received some training as a weekend supervisor and relief supervisor. He has an excellent knowledge of the German language, is an inspector's aide and has handled the latter type of assignment in a satisfactory manner. SA Thompson advises me that while he feels he can do supervisory work he prefers investigative work and does not believe that he is fitted by temperament to perform as a full time supervisor. He is available for special assignment at any time his services are needed. He is in good physical condition. His office of preference is Milwaukee and he would prefer to remain here. I think that SA Thompson could make an excellent supervisor; however, in view of his indicated preference for investigative work and the other reasons mentioned above he is not being recommended for advancement under this program.

NARRATIVE COMMENTS

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
○ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

ADJECTIVE RATING : Satisfactory

Outstanding, Satisfactory, Unsatisfactory

RICHARD C. THOMPSON

SA Thompson is a tall, well built agent who dresses neatly and makes an excellent appearance at all times. He is personable and has achieved excellent results in his contacts with the public and other law enforcement officials. His attitude is especially good in that he is always ready and willing to do his share and more. His physical condition is very good.

SA Thompson has been assigned exclusively to the development of informants and cases lending themselves to the development of informants during the majority of the rating period. His work in this connection has been excellent and requires practically no supervision. He has shown good judgment, resourcefulness and ingenuity, initiative, planning ability and accuracy and attention to pertinent detail in his investigative work. He has displayed the necessary forcefulness and aggressiveness where action of that type was indicated. He has handled a larger than average volume of work in a most competent manner and his work requires a very minimum of supervision. It is apparent from his work that he has a thorough knowledge of the Bureau rules, regulations and policy. I would consider him competent to work on the most complicated investigations and to act as a leader or participant in raids and dangerous assignments. Dictation rating - excellent.)

Under date of April 28, 1952 he was designated as a relief supervisor in this office. His work on those occasions has indicated that he has definite administrative possibilities. In addition to being a relief supervisor, SA Thompson is an inspector's aide.

He has been subject to no disciplinary action during the rating period.

Under date of October 17, 1952 he received a letter of commendation for his participation in connection with a White Slave Traffic Act survey made in the area of Camp McCoy and Sparta, Wisconsin.

SA Thompson is entitled to a rating of satisfactory in Grade GS-13.

TO: DIRECTOR, FBI

FROM: SAC, MILWAUKEE (66-922)

SUBJECT: SPECIAL AGENTS OF OUTSTANDING
CRIMINAL INVESTIGATIVE ABILITY

July 20, 1953

Re SAC Letter 53-44, requesting the names of agents in the Milwaukee Division who have proven themselves exceptionally proficient in investigating criminal matters. Reference is also made to the previous SAC Letter- 51-11, dated 12-4-51, which at that time also requested a list of agents of outstanding criminal investigative ability, and to Milwaukee letter 12-18-51, furnishing the names of eight agents considered outstanding.

The agents previously listed, whose names are noted below are still entitled to the classification of "outstanding criminal investigative ability."

EDWARD E. CONVERSE
JOHN H. GASSAWAY
LAURENCE J. GIUNTOLI
THOMAS J. GRAHNS
FRANK J. LARKIN
CLARK E. LOVRIEN
RICHARD C. THOMPSON

The name of SA JOHN F. MEYER has been deleted from the previous list in view of his resignation from the Bureau in June, 1953. It is further noted that SA CLARK E. LOVRIEN is now the approved supervisor on the Security-Applicant Desk in the Milwaukee Office. However, he is still believed entitled to the ranking previously given him.

In addition to the previous list, the name of SA MARZETTE W. MEEKINS is submitted as one of the special agents falling within the above category.

Attached is a memorandum concerning SA MEEKINS.

UNITED STATES GOVERNMENT

TO : Director, FBI

DATE: 6/26/53

FROM : SAC, Milwaukee (66-922)

ATTN: TRAINING AND INSPECTION DIVISION

SUBJECT: MILWAUKEE OFFICE Inspection
SELF-INSPECTIONPERSONAL AND CONFIDENTIAL

Re Bureau routing slip 6/18/53 instructing that two of the following SAs, namely SA ARTHUR F. BAIER, JOHN H. GASSAWAY, ALEXANDER D. MANSON or RICHARD C. THOMPSON be instructed to stand by for proposed inspection assignment of approximately 3 weeks duration to begin approximately 7/5/53.

Attention is also directed to Bureau routing slip 6/24/53 instructing that a self-inspection of the Milwaukee Office be commenced immediately and that the Bureau be advised of the date commenced and the proposed completion date.

I wish to advise the Bureau that I had contemplated making SAs MANSON and GASSAWAY available for the proposed inspection assignment commencing 7/6/53. However, in view of the instructions that we make a self-inspection of this office I would like to ask that their proposed inspection tour be deferred for the following reasons.

It is noted that we have the following qualified inspector's aides in the Milwaukee Office:

ASAC WILLIAM K. BOCK
SA JOHN H. GASSAWAY
SA THOMAS J. GRAHAM
SA ALBERT G. MACDONALD

SA ALEXANDER D. MANSON SA ARTHUR F. BAIER
SA M. W. MEEKINS
SA RICHARD C. THOMPSON
SA JOHN T. MC CARRIER *

*It is noted SA MC CARRIER received inspector's aide training while attending In-Service this week.

It is noted that ASAC BOCK is now assisting in an inspection of the New York Office, having left Milwaukee on 6/9/53 and that this inspection assignment is to continue for approximately 7 weeks.

SA BAIER is now attending a Chinese Security School at the SOG to be followed by In-Service and will not return to this district until approximately 7/12/53.

SA GASSAWAY is now on annual leave but will return to this district 6/29/53.

Memo, Director
MI 66-922
6/26/53

SA GRAHAM is now assisting in an inspection of the Indianapolis Office having left Milwaukee 6/16/53. This assignment is expected to continue for at least 3 weeks.

SA BARKIN is available at headquarters.

SA MACDONALD was likewise assisting in the inspection of the Indianapolis Office but due to the fact that no accountants are available to handle some emergency accounting work in this district he was instructed to return to Milwaukee and did return on 6/26/53 in an effort to handle the expedite accounting work. However, in the case entitled "BARLOW AND SEELIG vs War Contracts Price Adjustment Board, Export Docket 787-R, Renegotiation Act" Bufile 46-16006, Mfile 46-291, Buair-tel of 6/23/53 advises that this case is set for trial before the U. S. Tax Court, Milwaukee, Wis. beginning 7/8/53 and the Civil Division Attorney desires that SA MACDONALD report to Chicago on 7/1/53 to confer with him. It is noted that this will occupy the time of SA MACDONALD for several days during the pre-trial conferences at Chicago and during the trial here in Milwaukee and that not only will he not be able to be used for an inspection assignment he will not be able to handle the accounting work for which he was returned here from the Indianapolis inspection.

SA WREKINS, an inspector's aide, is here at headquarters. However, he is a relief supervisor and is temporarily handling the desk of the Security-Applicant Supervisor CLARK E. LOVRIEN, who is on annual leave for several days for the purpose of moving his family from his former headquarters, Wausau, Wis., to Milwaukee.

SA THOMPSON, who has already had his annual leave canceled on a number of occasions, will enter on 2 weeks annual leave commencing 6/29/53.

As it is desired to commence the self-inspection of the Milwaukee Office on 7/1/53 and it is hoped to complete this self-inspection in approximately 3 weeks time, it is contemplated that if the proposed inspection assignments of SAs GASSAWAY and MANSON can be deferred that we can then make good use of their services here in an effort to expedite the self-inspection.

It would be helpful if the Bureau would find it possible to return ASAC BOCK here from his inspection assignment at New York City as early as possible during July as I feel that since he has a joint responsibility for the proper operation of the Milwaukee

Memo, Director
NY 66-922
5/26/53

Office that he should be here at least part of the self-inspection. Should the Bureau feel that it is possible to defer the proposed inspection assignments of SAs GASSAWAY and MANSON they will be assigned to assist in the self-inspection immediately upon its commencement on 7/1/53 and we shall make every effort to expedite same. I do not feel that it is economical or advisable to prolong a self-inspection over a long period of time as it will be necessary to do if we are not able to utilize the services of the inspector's aides who are assigned to this office.

As the Bureau records will reflect, I have not in the past offered any excuses and have made inspector's aides available immediately upon their being requested by the Bureau. However, in view of the fact that my ASAC is away for an extended period I feel that I must ask the Bureau's indulgence in this matter if we are to properly handle the self-inspection.

It will be appreciated if the Bureau will advise me as soon as possible if it will be possible to delay the inspection assignments of SAs GASSAWAY and MANSON for approximately 3 weeks from 7/1/53 in view of the problems set out above. It would likewise be appreciated if the Bureau would withhold requesting the use of other inspector's aides here until we have had a reasonable opportunity to complete the self-inspection of this office.

It is felt that if we are able to utilize the services of the inspector's aides we have assigned here and if it is possible for ASAC BOCK and SA GRAHAM to return here early in July that we should be able to complete the self-inspection of this office on or about 7/22/53.

In the event the Bureau does not see fit to follow above suggestions we shall make every effort to complete the self-inspection as rapidly as possible but I do not feel that it is possible to set a definite date for completion until I know whether I shall have the use of the inspector's aides who are assigned to this office.

NARRATIVE COMMENTS

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION. UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
= Unsatisfactory.
○ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

RICHARD C. THOMPSON

SA Thompson is tall, neat appearing and makes an excellent impression on the individuals whom he contacts. He is friendly and gets along well with the personnel of the office. His attitude is commendable in that he is ready and willing at all times to do his share and more. His physical condition is good.

During the rating period, SA Thompson (has been handling criminal work and has directed his efforts almost exclusively to the development of Potential Criminal Informants and Criminal Informants. He has had excellent success in this field. His work as an investigator in the criminal field has been outstanding. He has disclosed in his investigations and reports resourcefulness, aggressiveness, initiative, an ability to plan and follow through on the work assigned to him. His volume is well above average and his reports require only a minimum of supervision.) He is a qualified police instructor and his appearances in this regard have met with favorable comment.

He is well qualified in the use of firearms and I would have no hesitancy using him on raids and dangerous assignments, either as a leader or as a participant. As an older experienced agent, he is capable of handling the most complicated investigations other than accounting matters.

He is an approved Saturday supervisor and has on occasion assisted on the desk of both the Special Agent in Charge and the Assistant Special Agent in Charge. His work in this regard reflects the qualities desired in a supervisor. SA Thompson has indicated that while he feels he can handle a supervisory assignment, he prefers investigative work. It is my opinion that his services would be of more value to the Bureau as an investigator.

SA Thompson has not been the subject of any disciplinary action during the rating period. He was commended by the Director in connection with his investigative efforts in the investigation of Vernon Wallace Thomson, a Departmental applicant. He was also commended for his work in connection with the apprehension of two individuals who, in November, 1953, robbed a bank at Curtiss, Wisconsin.

Under date of March 26, 1954 the U. S. Attorney at Milwaukee advised that the work of SA Thompson in connection with an investigation of Charles Lee Golden charged with violation of the White Slave Traffic Act was such that without SA Thompson's careful and exacting work, the conviction would have been impossible.

In my opinion, SA Thompson is one of the top agents in the Bureau.

Office Memorandum • UNITED STATES GOVERNMENT

TO : Director, FBI

DATE: 12/22/53

FROM : SAC, Milwaukee (66-922)

PERSONAL AND CONFIDENTIAL

SUBJECT: BERNARD EARL KINNAR, JR., wa, Rocky;
LOUIS HAROLD LASCH, was, Jack Brandt,
Donald Koch, Louis Lash, Louis Iach
Curtiss State Bank, Curtiss, Wis., 11/17/53
BR

As the Bureau has previously been advised subject bank was robbed at approximately 2:55 p.m. on 11/17/53 by subjects who obtained the sum of \$18,518.75 and made their escape in a car described at first by witnesses as an old Chevrolet.

I was in Madison, Wis. on 11/17/53 and received the first information of this robbery at approximately 3 p.m. via radio, since my car was equipped with a radio to receive the Wis. State Traffic Patrol radio messages. As soon as I could reach a telephone I communicated with the Milwaukee Office and, upon obtaining further details, immediately proceeded to Curtiss, Wis. and assumed personal charge of the investigation.

Investigation in this matter was conducted from the afternoon of Tuesday, 11/17/53, until Sunday, 11/22/53, when subject LASCH was finally identified by witnesses of the bank.

It is desired that the Bureau send letters of commendation to the following Agents:

~~GRAHAM, THOMAS J.~~
~~LARKIN, FRANK J.~~
~~MARQUISE, RICHARD T.~~

~~MUELLER, ELDON J.~~
~~SCHALLER, JOHN W.~~
~~THOMPSON, RICHARD G.~~

These agents worked under my personal supervision for the time mentioned above in the Curtiss, Wis. vicinity and, in addition to being alert and attentive to duty at all times and performing certain services in an outstanding manner, some of these agents, as will be explained below, performed significant investigative services which helped to solve the case.

In this connection reference is made to the report of SA JOHN T. MC CARRIER dated 11/30/53 at Milwaukee, which sets out that the sum of \$18,262 of the loot was recovered. Other agents, whose names are not listed above but whose names are listed in the report as having conducted investigation at Curtiss, Wis. and vicinity under my personal supervision in

I have recommended that letters of commendation be prepared for each of the agents mentioned above on information as set out above. It is suggested that a letter of commendation be sent to the Milwaukee Office for each of the agents mentioned above.

DEC 22 1953

EX-100

Memo, Director
MI 66-922
12/1/53

this matter are not being recommended for letters of commendation since all of them, with the exception of the six mentioned above, have claimed one or more days of compensatory leave for working on Saturday, 11/21/53, and Sunday, 11/22/53.

In addition to this fact the following information is being furnished in addition to that set forth in the report of SA MC CARRIER:

SA RICHARD T. MARQUISE was the first agent to arrive at the scene and he conducted thorough interviews with bank employees and obtained descriptive data and other information which, after investigation, assisted materially in identifying subjects involved in this case.

SAs THOMAS J. GRAHAM and JOHN W. SCHALLER obtained the initial information leading to the fact that a 1940 Nash automobile similar to the get-away car had been seen in the vicinity of Ladysmith, Wis. On Friday, 11/20/53, although both of these agents had been on duty throughout the entire previous night on a plant maintained at the place where the money was recovered, and they were told to return to Kau Claire, Wis., their headquarters, to obtain some sleep and some clean clothing, they made contact with the sheriff at Ladysmith, Wis. and, through him, learned that the car we were seeking as the get-away car was actually located in that city. They immediately, without further thought as to sleep, contacted me and met some other agents and myself at Ladysmith, Wis., resulting in the apprehension of BERNARD EARL KINNAR, JR. SA GRAHAM and I were finally successful in obtaining a confession from subject KINNAR in the early morning hours of 11/21/53.

SAs FRANK J. LARKIN and RICHARD C. THOMPSON assisted in the location of subject KINNAR and performed an extraordinary amount of investigative work. While SA GRAHAM and I were obtaining a confession from subject KINNAR and the identity of the second subject as LOUIS HAROLD LASCH, SAs LARKIN and THOMPSON were obtaining similar information which later assisted in LASCH'S apprehension from an associate of subject KINNAR, namely HERMAN FREDERICK SILLMAN. These agents probably received less rest than any other agents on the investigation of this case with the exception of SAs GRAHAM, SCHALLER and MARQUISE.

Memo, Director
MI 66-922
12/1/53

I think that SA ELDON J. MUELLER should be given a letter of commendation for his work in connection with this case although all of his work was in Madison, Wis. and vicinity. As the investigative report of SA MC CARRIER will reflect, SA MUELLER was contacted by the Madison, Wis. PD on the night of 11/10/53 after two individuals had purchased an old Nash automobile at Caves Buick used car lot, Madison, Wis. This information was remembered by SA MUELLER on the morning of 11/18/53 after he had been furnished with detailed description of subjects in this case and the fact that they might possibly have used an old model Nash automobile. SA MUELLER immediately conducted additional investigation to identify the car purchased by the two strangers in Madison, Wis. on 11/10/53 and relayed this information to those of us who were conducting the investigation at Curtiss, Wis. and vicinity. Bit by bit this information seemed to show fairly conclusively that the automobile purchased at Madison was, in all probability, the get-away car utilized in the case. This was determined to be true when the car was finally examined at Ladysmith, Wis. on the night of 11/20/53. I feel that SA MUELLER'S ingenuity and the fact that he recognized it was possible that the car purchased in Madison by a fictitious individual very likely was identical with the get-away car in this case was largely responsible for bringing this case to a successful conclusion in a short time.

As stated above. I am not recommending letters of commendation for the other agents who were actually included on the squad of agents who conducted investigation at Curtiss, Wis. and vicinity for the reason that, although they did work long hours and performed investigative work willingly when they were told to do so, none of them performed a particularly outstanding job and, as noted above all of them claimed at least one or more days of compensatory leave because of the fact they did work overtime.

As the report of SA MC CARRIER reflects, LOUIS HARGREAS LASCH was apprehended at Cudahy, Wis. by Chief of Police ANTHONY WISE and Sgt. PATRICK LATHROP. I have previously expressed in a letter to Chief WISE my appreciation for his services in this regard and, since the apprehension of LASCH did not involve any particular amount of effort on the part of Chief WISE or Sgt. LATHROP, since arrangements to have them advised had been previously effected by SAs CLARK R. LOVRIEN and M. W. MCKINIS, I do not feel that an additional letter to Chief WISE is necessary.

Memo, Director
MI 66-922
12/1/53

It is believed, however, and recommended that a letter of appreciation should be directed to SAs CLARK, LOVRIEN, H. W., MCKINS, JOSEPH G., PEGGS and ASAC WILLIAM K. BOCK for their work which resulted in the apprehension of subject LASCH within approximately eight hours after I had furnished them information as to his identity via telephone from Ladysmith, Wis. ASAC BOCK was in charge of the investigation at Milwaukee, directing the efforts of SAs LOVRIEN, MCKINS and PEGGS and was conducting active investigation himself at LASCH'S home at Saukville, Wis. when he was finally located in Cudahy, Wis. by the local PD.

Other agents who conducted minor investigative work in Milwaukee are not believed deserving of letters of commendation as they did not lose any particular amount of sleep and only performed a few hours of overtime on Saturday, 11/21/53.

NAME: RICHARD C. THOMPSON Special Agent
EOD: February 3, 1941 Grade GS-13 \$8560.
RE: PERSONNEL ADVANCEMENT

SA Thompson presents an excellent personal appearance, is friendly, dresses neatly and has the ability to make contacts among all types of people. His work as a criminal investigator has been outstanding. His investigations disclose he is an aggressive, tireless investigator, with an ability to define his objectives and to work toward them without becoming involved in numerous side issues. He has an excellent knowledge of the German language, is an inspector's aide, and a police instructor and has handled his assignments in this regard in a satisfactory manner.

(He has on occasion relieved on the desk of both the Special Agent in Charge and the Assistant Special Agent in Charge and his work there has been satisfactory although I have noted an apparent reluctance on his part to handle supervisory work.) I believe this is possibly due to an expressed desire on his part to continue in the investigative rather than supervisory field and in reviewing this agent's overall work, it is my considered opinion that he is probably of more value to the Bureau as an investigator rather than in a supervisory or administrative capacity. He has indicated a preference for investigative work and for these reasons, he is not being recommended for advancement to a supervisory position at this time.)

CITY OF MILWAUKEE

May 28, 1954

Mr. J. Edgar Hoover, Director
Federal Bureau of Investigation
Department of Justice
Washington, D.C.

Dear Mr. Hoover:

This office and the members of the Milwaukee Police Department's Detective Bureau hereby express our appreciation to the members of the FBI for the splendid cooperation rendered to this Department by various Agents attached to the Milwaukee office during the past many years.

We wish to especially commend Agents Frank Larkin and Joseph Eggs for their cooperation. It was due to their efforts and cooperation that the arrest of Samuel Jerome Shumate (col), of Chicago, Illinois, was made possible. This arrest cleared the recent holdups of the Milwaukee Housing Authority's Hillside Terrace Project where \$3,718.00 was obtained and the Vogue Cleaners, 1416 North Fourth Street where \$3,483.00 was obtained by Samuel Jerome Shumate.

Agent Richard Thompson of the local office of the F.B.I. was also instrumental in assisting this Department in the apprehension of criminals.

The above are only a few recent incidents where the Agents of the local F.B.I. office have rendered valuable assistance to this Department. The local F.B.I. office and this Department are working harmoniously as a team to combat crime and that is as it should be.

This letter is long past overdue but as the saying goes "better late than never." Again, this office is very appreciative and grateful for the numerous instances of cooperation and assistance that the F.B.I. has rendered to the Milwaukee Police Department. Naturally we will make all efforts to reciprocate in every manner possible.

Wishing you and the F.B.I. the best of luck and success, I remain

Very sincerely yours,

/s/ John E. Foley, Chief of Police

The treatment will be followed in all probability by several months of limited duty.

In addition to the previous list, the name of SA JOHN D. O'CONNELL is submitted falling within the above category. Attached is a memorandum concerning SA O'CONNELL.

Assisted me in Minneapolis inspection 6/21-7/2/54. Participated in check of confidential expenditures, reviewed criminal ~~and~~ informant files, and prepared administrative memoranda covering this survey.

Readily adjusted himself to his duties, proceeded in orderly systematic fashion, and evidenced constructive approach. (Demonstrated good knowledge of policies and procedures, exercised sound judgment, and functioned industriously. Was quite accurate and thorough, required less than average supervision, and turned out paper work of good quality. Was fully cooperative, willingly shared the extra work load, and his over-all performance was very: SATISFACTORY.)

EOD 6-21-41, served at Los Angeles and then on an SIS assignment, and has since been stationed at Milwaukee, where he performs general criminal investigations, coordinates the Criminal Informant Program and occasionally functions as Relief Supervisor. Converses well in German, which is particularly helpful in Milwaukee. (Is available but feels he has greater aptitude for investigative and informant work than in other operations. Inspector concurs.)

MR. J. EDGAR HOOVER, DIRECTOR
U. S. DEPARTMENT OF JUSTICE
FEDERAL BUREAU OF INVESTIGATION
WASHINGTON 25, D. C.

DEAR MR. HOOVER:

LAST MONTH I SUBMITTED TO THE MILWAUKEE OFFICE A REQUEST FOR SPECIAL AGENTS OF THE FEDERAL BUREAU OF INVESTIGATION TO INSTRUCT A PRESCRIBED CURRICULA IN THE 1954 MADISON POLICE PRE-SERVICE TRAINING COURSE. I WAS PLEASED AT THE WILLING RESPONSE OF YOUR SPECIAL AGENT IN CHARGE, JAMES B. POSTER, WHO APPROVED MY REQUEST. DETAILS OF THIS TRAINING PROGRAM WERE HANDLED BY SPECIAL AGENT JOSEPH KRIOFSKE.

A WELL SELECTED STAFF WAS SENT TO MADISON TO CONDUCT THE COURSE AND EACH MAN DID AN EXCELLENT JOB AND WERE A DISTINCT CREDIT TO THE BUREAU. I ESPECIALLY APPRECIATED THE ATTENTION GIVEN TO OUR PROGRAM BY AGENT AL MANSON WHO BROUGHT TO THE SCHOOL EACH VISITING AGENT, ASSURING ME THAT THE COURSE WOULD BE CONDUCTED AS SCHEDULED. FURTHER, MR. MANSON EXCELLED IN THE CLASSROOM ALONG WITH THE OTHER AGENTS.

COPIOUS NOTES AND THE POLICE RECRUIT NOTEBOOKS REFLECT THE SUBSTANCE OF THEIR INSTRUCTION, INTEREST, AND CLASS ATTENTION.

OTHER AGENTS PARTICIPATING IN SPLENDID FASHION WERE WILLIAM BOCK, JOHN O'CONNELL, MARTY CROAK, THOMAS GRAHAM, RICHARD THOMPSON AND JOSEPH PEGGS.

A NOTEWORTHY ITEM IS THAT DURING THE COURSE OF DEFENSE TACTICS CONDUCTED BY MR. PEGGS NOT ONE OF THE RECRUITS SUSTAINED INJURY.

THE BUREAU HAS WON NEW ADVOCATES IN OUR NEW OFFICERS DURING ITS SERVICE TO THE CITY OF MADISON.

THANK YOU AND THOSE WHO PARTICIPATED IN THIS EXCELLENT JOB.

VERY TRULY YOURS,

As the Bureau knows, JOHN ROGER BLOOM, recently sentenced to a life sentence at St. Louis, Mo. as habitual criminal 1/24/55, who was involved in robbery of Community Savings & Loan Assn., St. John's, St. Louis, Mo., 7/21/54, admitted in signed statement to Bureau SAs that he had robbed above three building and loan associations in Wis.

RECORDED-144

I want to point out to the Bureau that the manner in which this was brought about was that SA RICHARD C. THOMPSON, while on duty as inspector's aide at Minneapolis Office the latter part of June and early July, 1954, entered into discussion with SA MERVIN G. O'MELIA, Springfield Office, who was also assigned as inspector's aide at Minneapolis inspection, re series of savings and loan holdups which had occurred MI. As a result of this discussion SA O'MELIA suggested the name JOHN ROGER BLOOM as suspect these cases, stating that the modus operandi of BLOOM appeared identical with that used in cases in MI. As a result of this conversation SA O'MELIA forwarded letter to St. Louis and MI 8/16/54 in case entitled "JOHN ROGER BLOOM, was, Community Federal Savings & Loan Assn., St. John's, St. Louis, Co., Mo. 7/21/54-BR" suggesting that the two offices consider BLOOM in these cases mentioned above. The matter was followed very closely by SA THOMPSON of this office, and of course SAs who secured signed confession from BLOOM were most instrumental in solving these 3 cases. However, due to interest and alertness of SAs O'MELIA and THOMPSON, I feel they are entitled to special commendation in these cases and recommend the Director send them letter of commendation.

NARRATIVE COMMENTS

UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out on the reverse of form FD-185.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out on the reverse of form FD-185.

RICHARD C. THOMPSON

This Agent makes a very good personal appearance, and has a pleasant personality. He is tall, and dresses neatly and in good taste. His contact work, particularly with law enforcement agencies, is above average.

During the rating period (he has been assigned to the criminal squad, where he has demonstrated above-average ability in planning his work and handling investigative matters assigned to him.) A large percentage of his assignments have involved white slave cases, in the handling of which he has demonstrated outstanding ability. He has an excellent attitude, and willingly accepts any assignment. He has assisted in several of the major cases such as bank robberies which occurred during the rating period. (He has exercised sound judgment, considerable initiative, and is capable of acting on his own responsibility. (He is capable of handling the most complicated types of investigations. He has a sound working knowledge of the rules and procedures involved in his work. His reporting and paper work require a minimum of supervision. In comparison with other Agents of this office, his production is above average.)

During the rating period SA Thompson has been commended several times for his performance. Under date of May 28, 1954 Chief of Police, Milwaukee Police Department, commended several Agents, including Agent Thompson, for efforts and assistance to his department in connection with local criminal matters. Under date of February 23, 1955 the Director commended SA Thompson for his work in connection with the successful culmination of three bank robbery cases in the Milwaukee Division involving JOHN ROGER BLOOM.

Agent Thompson's special qualifications include Criminal Informant School in June, 1952, First Aid Training, 1951, and Kidnap School in January, 1954. He is a qualified Inspector's Aide. He is also a qualified Police Instructor, and has been used on a number of police schools during the rating period, where his demonstrations have been well received. On two occasions local police departments commended his presentations. In June, 1954 he participated in the inspection of the Minneapolis office, in which his overall performance was rated as very satisfactory by Inspector H. C. Van Pelt. He is an approved relief supervisor, but has not been used to any extent on the desk during the rating period.

Agent Thompson is rated (excellent) by five stenographers of this office for his dictation ability, and (very good) by five others.

Agent Thompson is capable of arduous physical exertion, qualified in all firearms, and capable of leading or participating in a raid or dangerous assignment. His testifying experience in the past includes satisfactory appearances on a number of occasions before U. S. Commissioners, Grand Juries, State Courts, Military Courts and Federal District Court.

Agent Thompson has suggested eight Potential Criminal Informants for development during the rating period, developed one approved Criminal Informant, and handled five Criminal Informants principally in the white slave field. He is aware of the Bureau's Incentive Award Program, and has contributed suggestions thereto.

I have discussed with SA Thompson the matter of advancement in the Bureau along administrative lines. He has advised me that he feels that his abilities can best be demonstrated in the investigative field, and he prefers that he continue in investigative assignments.

PERSONAL ATTENTION

ANNUAL PERFORMANCE RATINGS

It is noted in the narrative comments of the 1955 annual ratings of Relief Supervisors ~~Richard C. Thompson~~, George V. Huebner, Warren J. Kenney, and Maurice H. Price that they have all expressed a preference for investigative duties rather than administrative duties.

Inasmuch as the Bureau considers the position of relief supervisor as training for administrative advancement you are requested to discuss this matter with the above-named agents, there- after submitting your recommendation relative to their continuance as relief supervisors.

With respect to the 1955 annual performance rating submitted on SA Albert G. MacDonald it is noted you comment he has been utilized as a relief supervisor from time to time. Bureau records reflect that he is approved for Saturday or holiday duty only and not as a relief supervisor. He should not be used as a relief supervisor in the future, particularly in view of his expressed preference for inves- tigative work.

It is noted you comment in the rating of SA Thomas J. Graham that he is an approved relief supervisor. Bureau records fail to reflect that he is presently so approved. You stated he had not been used as a relief supervisor during the rating period; however, he should be removed from the list of relief supervisors approved for your office.

You should submit your comments concerning SA Price's participation in the Bureau's informant programs and experience and ability as a sound-trained agent, in accordance with SAC Letter #55-19, 3/1/55. Comments regarding SA MacDonald's testifying ability and experience and participation in the Bureau's informant programs should also be submitted. These comments must be initialed by the agents.

SYNOPSIS:

Memorandum from Mr. Belmont to Mr. Boardman dated March 18, 1955, reflects [REDACTED] was discontinued as security informant for Milwaukee Office March 1, 1955, following admission that he furnished some false reports regarding Muslim Cult of Islam (MCI) activities in Milwaukee area. Milwaukee letter dated March 30, 1955, sets out: analysis made regarding handling of this informant; explanations from three interested SAs; leads to obtain explanations from two other Agents now assigned to Detroit and New York Offices; and recommendations of SAC Poster regarding administrative action against responsible employees. SAC Poster states while there was no indication in Milwaukee files prior to Milwaukee letter dated February 4, 1955, that [REDACTED] information was erroneous, Milwaukee Office should have, but did not, conduct physical surveillances on [REDACTED] to verify his information since no other informants were being operated by the Milwaukee Office regarding MCI activities.

SA Richard C. Thompson explains he handled [REDACTED] as a criminal informant from May 2, 1951, to August 12, 1954; had no reason to suspect [REDACTED] security information may be false and since MCI case not assigned to him he accepted [REDACTED] MCI information and routed same to security supervisor for handling; SAC Poster recommends no administrative action against SA Richard C. Thompson.

SA John D. Hurley, Jr., handled [REDACTED] informant from August 12, 1954, to December 9, 1954, on which date he left Milwaukee on transfer to New York Office; explanations requested from SA John D. Hurley, Jr., by Milwaukee letter dated March 30, 1955; SAC Poster tentatively recommends letter of censure for SA John D. Hurley, Jr., for failure to surveil [REDACTED] to verify [REDACTED] reports.

FEDERAL BUREAU OF INVESTIGATION

MAY 18 1955
REC'D PERSONNEL SECTIONMAY 2 10 05 AM '55
MAY 5 5 02 PM '55
FBI - INDIANAPOLIS
REC'D PERSONNEL SECTION

New York letter to Bureau April 8, 1955, enclosed explanation from SA John D. Hurley, Jr., which states he conducted two spot checks and one photographic surveillance on MCI meetings during the period July 30, 1954, to December 9, 1954, and questioned [] regarding [] participation in and presence at the meetings SA Hurley covered as neither [] car nor [] himself were observed by SA Hurley. [] claimed he walked to the MCI meetings and entered the MCI temple by a rear entrance. SA Hurley also stated that he tried to develop other potential security informants and did contact other sources to obtain additional and corroborative information on MCI activities during the above period.

b7D

SAC Poster by letter April 18, 1955, advised consideration has been given by him to SA Hurley's explanation. The file on MCI in Milwaukee contains memoranda from SA Hurley regarding one physical surveillance on October 27, 1954, and one photographic surveillance on October 31, 1954. Neither memorandum makes personal reference to [] and SAC Poster states it appears these surveillances by SA Hurley were primarily for purpose of investigating MCI case and not aimed at verification of [] attendance at MCI meetings. SAC Poster states that while SA Hurley was alert to note that [] was not observed, these surveillances did not substantiate Neal as an informant and should possibly have aroused the suspicion of SA Hurley re [] actual attendance at these meetings. SAC Poster resubmits his recommendation that a letter of censure be sent to SA John D. Hurley, Jr., for his failure to properly surveil [] to verify [] attendance at these meetings.

b7D

SA Stephen W. Jennings handled [] December 9, 1954, to present time. He thoroughly reviewed [] information, took action to verify same and in less than two months determined that some of [] information was false; SAC Poster recommends letter of commendation for SA Stephen W. Jennings.

b7D

Explanations requested of ASAC William K. Bock, now at Detroit, by Milwaukee letter dated March 30, 1955, for lack of closer cooperation between ASAC Bock and Security Supervisor Clark E. Lovrien so that [] security information as well as criminal information would have been verified. SAC Poster tentatively recommends letter of censure to ASAC William K. Bock regarding same.

b7D

Detroit letter to Bureau April 7, 1955, enclosed explanation from ASAC William K. Bock now in Detroit, who stated no information came to his attention while in Milwaukee Office indicating [] was furnishing false security information and had this occurred ASAC Bock states he would have

b7D

immediately taken proper steps to determine [] reliability. ASAC Bock states he routed memoranda containing security information from [] to the Security Supervisor for evaluation and action. [] criminal information was acted upon by ASAC Bock. SAC Poster in his letter April 18, 1955, states explanation from ASAC William K. Bock satisfies SAC Poster that ASAC Bock properly correlated the handling of [] and SAC Poster recommends no administrative action against ASAC William K. Bock.

b7D

Special Agent Robert E. Grussenmeyer handled [] as informant from June 7, 1954, to July 30, 1954, effective date Special Agent Grussenmeyer's resignation; SAC Poster recommends no administrative action against former Special Agent Robert E. Grussenmeyer.

b7D

Security Supervisor Clark E. Lovrien explains [] information basically corroborated by reports from other offices regarding MCI teachings; Supervisor Lovrien states consideration given to effecting other coverage of MCI activities in Milwaukee but technical and microphone surveillances not determined feasible and other efforts were unsuccessful until January 31, 1955, when potential security informant developed regarding MCI activities in Milwaukee; SAC Poster recommends letter of censure for Security Supervisor Clark E. Lovrien for his failure to establish physical surveillances on [] earlier since no other source was available to verify [] reports.

b7D

b7D

SAC James B. Poster recommends a letter of censure for himself for his failure to see that this case was properly supervised in his office.

SAC Poster in his letter dated April 18, 1955, stated that Special Agent Clark E. Lovrien recalls conversation with Special Agent John D. Hurley, Jr., concerning the photographic surveillance mentioned above by SA Hurley, but SA Lovrien is unable to recall any discussion with SA Hurley concerning [] presence or absence at these meetings. SAC Poster resubmits his recommendation for a letter of censure to Security Supervisor Clark E. Lovrien.

b7D

OBSERVATIONS:

(1) Domestic Intelligence Division does not concur with the recommendation of SAC Poster that SA John D. Hurley, Jr., be censured for failure to properly surveil [] to verify [] attendance at the MCI meetings for the following reasons: (1) SA Hurley had [] case assigned to him from August 12, 1954, to December 9, 1954, a period of

b7D

less than 4 months during which time he was under transfer orders to New York Office from November 22, 1954, to date of departure on transfer December 9, 1954; (2) SA Hurley conducted surveillances on October 27, 1954, and October 31, 1954, re MCI activities since the MCI case was assigned to him from July 30, 1954, to December 9, 1954; and (3) he did attempt to develop other coverage and contacted other sources in an effort to obtain more information on MCI activities in Milwaukee which reflects he was cognizant of the fact that [] information should be corroborated. It should be noted that other offices furnished information corroborating [] information re MCI teachings. [] explanations as to why he was not observed at MCI meetings by SA Hurley are plausible and in absence of facts reflecting [] was not at meetings as he claimed, it is not believed that more positive steps in addition to those taken by SA Hurley to check on [] were necessary at the time. His lack of success in this regard during the short period of time he had case assigned is not believed sufficient basis to censure him.

b7D

(2) Domestic Intelligence Division ~~does not concur with SAC Poster's recommendation for letter of commendation for SA Stephen W. Jennings~~ as it is believed SA Jennings, while successful in his efforts, did not utilize unusual techniques in performing his normal duties.

(3) Domestic Intelligence Division ~~does not concur with SAC Poster's recommendation for letter of censure to Security Supervisor Clark E. Lovrien~~ as his explanation reflects [] information re MCI teachings was corroborated by reports from other offices; SA Lovrien was cognizant of fact that even though there was no definite indication that [] was not truthful, additional coverage on MCI was needed and he instructed SA Hurley and SA Jennings to develop same; SA Lovrien's explanation further reflects that on receipt of first definite information on January 31, 1955, that [] reports were questionable, SA Lovrien issued immediate orders to pursue the matter vigorously resulting in [] exposure and admissions on February 22, 1955.

b7D

(4) There was no basis for suspecting the reliability of [] prior to the interview on January 31, 1955, with another potential security informant re MCI activities by SA Stephen W. Jennings. Milwaukee Office took immediate positive steps and resolved the matter by February 22, 1955.

b7D

ACTIONS:

(1) Domestic Intelligence Division recommends that no administrative action be taken against SA Richard C. Thompson, SA John D. Hurley, Jr., Security Supervisor Clark E. Lovrien, or ASAC William K. Bock.

(2) Domestic Intelligence Division recommends that no letter of commendation be sent to SA Stephen W. Jennings in this matter.

(3) Since Special Agent Robert E. Grussenmeyer resigned from the Bureau effective July 30, 1954, Domestic Intelligence Division recommends that the designated copy of this memorandum be placed in the personnel file of former Special Agent Robert E. Grussenmeyer.

(4) Domestic Intelligence Division recommends that the attached letter be sent to SAC Poster advising him that the facts in this matter have been carefully considered at the Bureau and in the absence of information reflecting serious derelictions on the part of SA Richard C. Thompson, SA John D. Hurley, Jr., Security Supervisor Clark E. Lovrien, and ASAC William K. Bock in the handling of [] no administrative action is being taken against the above employees. SAC Poster is also being advised that while SA Stephen W. Jennings was alert and did perform well in this matter, in the absence of a display of unusual techniques by SA Jennings, no letter of commendation will be sent to SA Jennings in this matter. In conclusion, SAC Poster is being advised that the experience gained in this matter should be an incentive for him to be certain that

the personnel under his supervision are thoroughly indoctrinated in regard to properly handling the work assigned to them. Since ASAC William K. Bock is now in Detroit Office and SA John D. Hurley, Jr., is now in New York Office, copies of this letter are being sent to the SACs of the respective offices for their information.

(5) If you approve, it is recommended that this memorandum and the attachments be routed to the Administrative Division for its information.

Mr. Belmont's memo to Mr. Boardman 5/2/55 sets out detailed analysis of handling in Milwaukee Office of [redacted] security informant, who furnished some false reports regarding Muslim Cult of Islam (MCI). [redacted] was discontinued as security informant 3/1/55 and pursuant to Bureau instructions Milwaukee letter 3/30/55 set out analysis regarding handling of informant, explanations and recommendations. However, further explanations were required from other agents assigned to Detroit and New York.

SAC Poster pointed out while no indication in Milwaukee files prior to Milwaukee letter of 2/4/55 that [redacted] information was erroneous Milwaukee Office should have conducted, but did not, physical surveillances on [redacted] to verify his information since no other informants were being operated by the Milwaukee Office regarding MCI activities. SA Richard C. Thompson handled [redacted] as a criminal informant 5/3/51 to 8/12/54 and had no reason to suspect [redacted] security information might be false since MCI case not assigned to Thompson who accepted [redacted] security information and routed same to security supervisor for handling. SA John D. Hurley, Jr., now assigned New York, handled [redacted] as informant from 8/12/54 to 12/9/54 when Hurley left Milwaukee on transfer to New York. SA Hurley advised he conducted two spot checks and one photographic surveillance on MCI meetings between 7/30/54 and 12/9/54 and questioned [redacted] regarding his participation in and presence at the meetings Hurley covered as neither [redacted] car or [redacted] himself was observed by SA Hurley. Informant claimed he walked to the MCI meetings and entered the temple by rear entrance. SA Hurley also stated he tried to develop other potential security informants and his contact other sources to obtain additional and corroborative information on MCI activities during above period. SAC Poster advised that MCI file in Milwaukee contains memoranda from SA Hurley regarding one physical surveillance on 10-20-54 and one photographic on 10-31-54 although neither memorandum makes personal reference to [redacted] and it appears these surveillances were primarily for purpose of investigating MCI case and not for verification of [redacted] attendance at MCI meetings. SAC Poster feels that while

SA Hurley was alert to note [] was not observed, these surveillances did not substantiate [] as an informant and possibly should have aroused suspicion of SA Hurley regarding [] actual attendance at these meetings.

b7D

SA Stephen W. Jennings handled [] from 12/9/54 on. He thoroughly reviewed [] information, took action to verify same and in less than two months determined that some of [] information was false.

b7D

ASAC William K. Bock, Detroit, advised that while ASAC at Milwaukee he received no information indicating [] was furnishing false security information and had he received such indication, he would have immediately taken steps to determine informant's reliability. ASAC Bock routed memoranda containing security information from [] to security supervisor for evaluation and action. [] criminal information was handled by ASAC Bock. SA Robert E. Grussenmeyer handled [] as informant 6/7/54 to 7/30/54 at which time SA Grussenmeyer resigned.

b7D

SA Clark E. Lourien, security supervisor, Milwaukee, advised [] information basically corroborated by reports from other offices regarding MCI teachings. SA Lourien stated consideration given to effecting other coverage of MCI activities in Milwaukee but technical and microphone surveillances not deemed feasible and other efforts were unsuccessful until 1/31/55 when a potential security informant regarding MCI activities in Milwaukee was developed.

b7D

RECOMMENDATIONS OF SAC POSTER

SAC Poster recommended no administrative action against SA Thompson who handled [] as criminal informant and had no reason to suspect security information furnished was false. SAC Poster recommended censure for SA Hurley for failure to surveil [] to verify his reports. No administrative action recommended against ASAC Bock who handled [] information on criminal basis and had no reason to suspect security information furnished false. SAC Poster recommended censure of SA Lourien, Security Supervisor, for his failure to establish physical surveillances on [] earlier since no other source was available to verify [] report. SAC further recommended censure for himself for failure to see this case was properly supervised in his office. SAC Poster recommends commendation for SA [] who handled [] 12/9/54 on and in less than two months determined some of [] information was false.

b7D

RECOMMENDATIONS OF DOMESTIC INTELLIGENCE DIVISION

Domestic Intelligence Division concurred in recommendations of no administrative action against SA Thompson and ASAC Bock. Further recommended no administrative action against SAs Hurley and Lourien since [] information regarding MCI teachings was corroborated by reports from other offices and there was no definite indication [] was not truthful. It was pointed out SA Hurley had the case assigned to him less than four months, and SA Lourien had instructed development of additional coverage of MCI and on receipt of first information on 1-31-55 that [] reports were questionable, SA Lourien issued immediate orders to pursue the matter vigorously resulting in [] exposure and admissions on 2-22-55. No letter of commendation was recommended for SA Jennings who, while successful in his efforts, did not utilize unusual techniques in performing duties.

b7D

RECOMMENDATIONS OF ADMINISTRATIVE DIVISION:

1. It is recommended that SA Hurley be censured for his failure to properly surveil [] at MCI meetings to verify information reported by []

b7D

2. It is recommended that SA Lourien be censured for his failure to establish physical surveillance on [] promptly since no other source was available to verify information furnished by [] as informant.

3. It is further recommended that SAC Poster be censured for his failure to see that this case was properly supervised in Milwaukee Office and handled

Memo from ASAC WILLIAM K. BOCK, Detroit, 4/7/55.

The MI file on Muslim Cult of Islam, aka, SM-MCI (MI file 105-337) (Bufile 25-330971) contains memo dated 11/1/54 by SA JOHN D. HURLEY, JR. which reflects that on 10/27/54 SA HURLEY conducted fisur in vicinity Muslim Cult of Islam Temple #3, 1316 N. 8th St., MI, Wis., as instant temple was having a meeting about 8 p.m. to 10 p.m. that evening. The memo further states that SA HURLEY observed 6 cars parked in vicinity of the temple on that evening but was unable to identify any of the people who came and went from same. The memo then further deals with identity of automobiles involved. No mention was made of [redacted]

Same file contains memo dated 11/2/54 by SA JOHN D. HURLEY, JR. which reflects that on 10/31/54 he and SA STEPHEN W. JENNINGS conducted physical and photographic surveillances in vicinity of 1316 N. 8th St., MI, address being location of MCI Branch #3, MI. Surveillance commenced at 2 p.m. and terminated at 4:15 p.m. Most of it then deals with identity of automobiles observed. No reference is made to [redacted]

Memo from SA HURLEY 4/7/55, NYC, NY, reflects in effect that as a result of these surveillances he discussed the fact with [redacted] that he had not observed [redacted] car in the vicinity of the meetings. [redacted] advised he had walked to instant meetings and as a result of the photographic surveillance it is noted that SA HURLEY did not observe [redacted] at that time. SA HURLEY also states he discussed this fact with [redacted] and obtained from [redacted] an explanation that [redacted] had arrived before and departed after the surveillance of the temple; also that he had not used the entrance of the temple which was covered by the surveillances.

It appears that these surveillances conducted by SA HURLEY were primarily for the purpose of investigation in the MCT case and were not necessarily aimed at the verification of [redacted] attendance at these meetings. It is noted, however, that SA HURLEY was sufficiently alert to note [redacted] was not observed. The subsequent explanations offered by [redacted] apparently were accepted by SA HURLEY at face value at that time. SA CLARK E. LOVRIEN recalls conversation with SA HURLEY concerning the photographic surveillance but is unable to recall any discussion with SA HURLEY concerning [redacted] presence or absence at these meetings. The file is silent in this respect.

b7D

The surveillances as conducted did not in any way substantiate [redacted] as an informant and should possibly have aroused the suspicion of SA HURLEY re [redacted] actual attendance at these meetings.

Reference: Bulet to MI 3/23/55 (Bufile 66-17913)

Synopsis: The file of [redacted] formerly [redacted] was handled during pertinent period by SAs RICHARD C. THOMPSON, JOHN D. HURLEY, JR., STEPHEN W. JENNINGS and was supervised during pertinent period by ASAC WILLIAM K. BOCK and Security Supervisor CLARK E. LOVRIEN. File on Muslim Cult of Islam, aka, IS-MCI, on which [redacted] was reporting was handled by former SA ROBERT E. GRUSSENMEYER, who resigned at MI 7/30/54, SAs JOHN D. HURLEY, JR. and STEPHEN W. JENNINGS, and supervised by Security Supervisor CLARK E. LOVRIEN. Review of files involved reveals no indication prior to facts outlined in MIlet 2/4/55 that [redacted] information contained discrepancies. MI Office was corroborating some of the criminal information furnished by [redacted] and in MCI case was corroborating security information furnished by [redacted] by comparing it with similar information received from other sources in Chicago and Baltimore and [redacted] information appeared in line with these other sources. Attempt was made to establish 2 other PSIs in MCI, one of whose information substantiated information furnished by [redacted] MI failed to conduct physical surveillance on [redacted] to determine if actually in attendance at meetings. SA THOMPSON verified much of criminal information furnished by [redacted] and routed security information from [redacted] across security desk. SA HURLEY and Security Supervisor LOVRIEN corroborated some of the information furnished by [redacted] in MCI case by comparison with other sources and attempted to develop 2 PSIs to further corroborate [redacted] information; however, failed to provide for physical surveillance to verify [redacted] attendance at meetings. SA HURLEY presently assigned N.Y.C. Office; ASAC BOCK presently assigned Detroit Office, and he followed criminal information furnished by informant. SA JENNINGS and Security Supervisor LOVRIEN were instrumental in establishing fact [redacted] furnished false information.

Re Instruction #2

Following explanation secured from SA RICHARD C. THOMPSON, who handled [] for the period 6/1/54 to 8/12/54:

b7D

The writer first contacted [] to determine his potential as a criminal informant. He showed willingness to help and exhibited (in succeeding contacts) some knowledge of the colored section of MI. On 7/5/51 [] was approached by the writer about the Muslim Cult of Islam. He was encouraged to find out something about it and he began to attend meetings of the Cult while continuing to be on the lookout for criminal intelligence.

b7D

The writer handled [] as a PCI and CI from the first contact until the case was reassigned on 1/17/52, and again from 12/11/52 until 8/12/54. During those periods the writer was able to confirm and verify substantial items of criminal intelligence furnished by [] and on no occasion found him false. For example, [] advised on 9/29/53 that he was told by [] a 16 year old girl, that she was in possession of the house key of CHARLES LEE GOLDEN (now convicted pimp) and that he was "her man." This information was furnished to the Youth Aid Bureau, MI PD, which obtained statement from the girl that she had been sleeping with GOLDEN. GOLDEN was then charged with carnal knowledge and abuse of a minor girl.

b7D

On 9/29/53 [] also furnished information on the dope peddling activities of "FATE" BUFORD. This was furnished to the Vice Squad, MI PD, and BUFORD is in fact now in the state prison for narcotics offenses.

b7D

On 1/4/54 [] was requested to advise this office when he saw CHARLES LEE GOLDEN driving his car as GOLDEN's license had been revoked. This office desired to curtail GOLDEN's movements in connection with a WSTA case. On 1/8/54 [] called the writer to advise he had GOLDEN under observation at the Liberty Tavern, having seen him arrive there in his car. This information was telephoned to the Vice Squad, MI PD, which arrested GOLDEN the same night and took up his driver's license and license plates and convicted him of the violation.

b7D

On 3/26/54 [] advised that BETTY WILSON and VEREEN KIETH were drug addicts and were frequently seen together; also, that KIETH drove a 1949 Oldsmobile "88," Wis. license B59013, which was suspected of being used to transport narcotics from Chicago. [] said that WILSON's apartment in the 1500 block on N. 12th St., MI, was a meeting place for the peddling of drugs. This information was welcomed by the Vice Squad, MI PD, where MILTON LANG stated that WILSON and KIETH were suspects and WILSON had once been convicted of a narcotics violation.

Memo, Director
MI 66-922
3/30/55

Recommendation: Re SA RICHARD C. THOMPSON: -- SA THOMPSON verified considerable information furnished by [] He did not have the MCI case assigned to him at any time and routed the security information furnished by [] to security desk for attention. I have discussed this matter with SA THOMPSON and pointed out to him the need for extremely close following of all informants and he recognizes that need. In view of fact he did not have MCI case assigned him I recommend no administrative action concerning SA THOMPSON.

b7D

Re SA JOHN D. HURLEY, JR.: -- This recommendation is made in the absence of explanation from SA HURLEY and unless such explanation from SA HURLEY materially changes fact following recommendation is made: that a letter of censure be directed to him for his failure to properly surveil [] to verify his attendance at these meetings. In the event the explanation of SA HURLEY materially changes facts in this case and above recommendation would appear inconsistent, it is recommended it be referred to SAC, MI, together with SA HURLEY's explanation so that proper recommendation can be made at that time in light of this information.

b7D

Re SA STEPHEN W. JENNINGS: -- It is recommended that SA JENNINGS be commended for his alertness in this matter in establishing the fact that [] was furnishing false information.

b7D

Re ASAC WILLIAM K. BOCK: -- This recommendation is made in the absence of explanation from ASAC BOCK and unless explanation by ASAC BOCK materially changes facts in this case following recommendation is made: Letter should be directed to ASAC BOCK pointing out that while the case was under his supervision that he took appropriate action to verify information furnished by [] on criminal matters and apparently left verification of information of a security nature furnished by [] to Security Supervisor and agent handling security case. This resulted in a split supervision which perhaps should have been more closely correlated between ASAC BOCK and Security Supervisor LOVRIEN.

b7D

Re SA ROBERT E. GRUSSENMEYER: -- Due to fact that he resigned on 7/30/54 no recommendation is being made concerning this individual. It should be noted he handled the MCI case a short time only during pertinent period.

Re Security Supervisor CLARK E. LOVRIEN: -- A letter of censure should be directed to Security Supervisor LOVRIEN pointing out to him that a physical surveillance should

have been established on [] to verify his attendance at these meetings, particularly in view of fact we had no other informant within this group. However, the Bureau should keep in mind that as soon as discrepancies were noted in [] report prompt action by Security Supervisor LOVRIEN brought to light the fact that [] was furnishing false information.

b7D

Re SAC JAMES B. POSTER, MI: --- A letter of censure should be directed to SAC, MI, for his failure to see that this case was properly supervised and the fact established earlier and proper steps taken to safeguard the Bureau's interest in this matter.

3/30/55

Rebulet instructed as follows:

1. MI Office is instructed to review MI file re this former security informant to determine if there was any indication prior to date of Milet dated 2/4/55 that [] information contained discrepancies and what steps were being taken by MI Office to corroborate [] information. b7D

2. MI Office was instructed to obtain explanations from agents handling [] from June, 1954 to Feb., 1955 the period during which he admits having furnished false information and from the responsible supervisor re any previous indication that [] was furnishing false information and what measures were being taken by the responsible agents to guard against [] furnishing false information. b7D

Re Instruction #1

MI file on [] formerly [] was reviewed and reveals no indication prior to the facts outlined in Milet of 2/4/55 that [] information contained discrepancies. b7D

The following steps were taken by MI Office to corroborate [] information: b7D

1. Criminal type information furnished by [] was on numerous instances passed on to local authorities, followed with local authorities and found to be accurate. b7D

2. [] was given a special general assignment in a criminal matter and handled it satisfactorily. b7D

3. Security information furnished by [] was compared with information received in the same case, MUSLIM CULT OF ISLAM, aka etal, IS-MCI, MI file 105-337, Bufile 25-330971, from other sources namely: b7D

Chicago report 5/11/51 by SA ANDREW G. FINAN entitled "ELIJAH MOHAMMED, was, W. F. Mohammed, Allah, The Prophet, The Muslim Cult of Islam, aka Allah Temple of Islam, SSA-48: SEDITION: CONSPIRACY," MI file 105-337-24, Bufile 25-330971.

Chicago report 5/16/52 by SA ANDREW G. FINAN same case as above, serial 65, MI file.

Detroit report 2/15/54 by SA NATHANIEL H. GILLAM entitled "ELIJAH MOHAMMED, was, Muslim Cult of Islam, aka etal, SSA-48: CONSPIRACY: IS-MCI." Baltimore letter to Director 4/12/54 furnishing information obtained from [] b7D

Memo, Director
MI 66-922
3/30/55

4. As late as 9/29/54 information was furnished by informant to the effect that JAMES MC QUILLAN (subject of security investigation MI file entitled "JAMES MC QUILLAN, wa James Mc Quillian, SM-MCI," MI file 105-490, no Bureau file), was member of Temple #3 MCI. This was corroborated in a pretext interview of GEORGIA MC QUILLAN, wife of JAMES MC QUILLAN.

5. Efforts were made to establish other security informants to secure information in case entitled "MUSLIM CULT OF ISLAM, aka. et al. IS-MCI" reference being specifically made to PSI [redacted] while open in MI from 11/18/52 to 3/19/53. MI file [redacted] no Bureau file. Information obtained from [redacted] substantiated generally information given by [redacted]

b7D

Efforts were also made to establish [redacted] as a PSI from 8/11/53 to 11/8/54. This particular PSI made no progress and was discontinued, MI file [redacted] no Bureau file.

b7D

6. Consideration was given to technical coverage in this matter and discarded as not feasible under the circumstances.

7. Consideration was given to physical surveillance and discarded as not feasible as it was obvious that an agent would be unable to gain access to meetings of this group at this time. Physical surveillance was not considered from the standpoint of verifying [redacted] attendance at these meetings as this question had not arisen but was considered solely from the standpoint of corroborating information [redacted] was furnishing to MI Office at that time.

b7D

Memo, Director,
MI 66-922
3/30/55

As late as 8/30/54 and 9/3/54 [] called to advise the writer that he had seen a man selling clothing out of a panel truck in the colored section of MI. [] identified the man later through a 1953 blue Buick, Mich. license GK1489. This information was passed on to Lt. CHARLES NOWAKOWSKI, MI PD, who said suspect was checked out and found legitimate although the circumstances looked suspicious and the incident had been reported to police by another source.

b7D

The signed statement taken from [] and referred to in Milet 3/1/55 states that he erred on 6/6 and 13/54 in that he referred to ROZENA MC KINLEY as BRADLEY MC KINLEY's wife whereas he later came to believe that she was his sister. [] also said he might possibly have falsified reported dated 7/14 and 18/54 and those dated 8/13 and 20/54, which reports were accepted by the writer. There is nothing in these written reports suggesting to the writer that they are false.

b7D

Information secured by me from [] re The Muslim Cult of Islam was routed to the security desk for handling as this case was never assigned to me.

b7D

Re explanation from SA JOHN D. HURLEY, JR., who handled informant from 8/12/54 to 12/9/54, it is to be noted that SA HURLEY was transferred from MI to N.Y. Office departing 12/9/54.

The following explanation was obtained from SA STEPHEN W. JENNINGS, who handled informant from 12/9/54 to the present:

This informant was assigned to me 12/9/54. He was previously handled by SA JOHN D. HURLEY, JR. Before the reassignment I had accompanied SA HURLEY on his contacts of 11/16 and 23/54 in order to become acquainted with informant as an alternate contact.

When informant was reassigned to me the Security Supervisor instructed me to thoroughly familiarize myself with informant's past activities and reports. He said to carefully scrutinize these reports and to make every possible effort to develop additional coverage in the MCI which would act as a medium for double checking and confirming informant's reports.

I reviewed past reports of this informant but at the time noted nothing to arouse my suspicions of any falsifications. The reports which informant had submitted contained information concerning the Cult's ritualistic

procedures and the policy of "hate the white man" which information was substantiated by information as contained in reports furnished by other Bureau offices.

Following reports containing information re the Cult's ritualistic procedure and policy of "hate the white man" were submitted by other Bureau offices:

Chicago report of 5/11/51 by SA ANDREW G. FINAN entitled "ELIJAH MOHAMMED, was, W. F. Mohammed, 'Allah,' 'The Prophet,' the Muslim Cult of Islam, aka Allah Temple of Islam, SSA-48: SEDITION: CONSPIRACY" - MI file 105-337-24; Bufile 25-330971, wherein one of the sources was [redacted]

b7D

Detroit report of 2/15/54 by SA NATHANIEL H. GILLAM entitled "ELIJAH MOHAMMED, was, Muslim Cult of Islam, aka, etal, SSA-48: CONSPIRACY: IS-MCI," (MI file 105-337-123; Bufile 25-330971), wherein one of the sources was PCI [redacted]

b7D

In the interim efforts were being made to develop [redacted] as a PSI which efforts resulted in my interview of her on 1/31/55. At that time information re the Cult's officers, membership, ritualistic procedures and policies of "hate the white man" furnished by her were in general the same as previously furnished by informant.

b7D

I again reviewed the recent reports this informant had submitted from July, 1954 to Feb. 1955 and in the light of additional information submitted by [redacted] PSI, I became suspicious that this informant was not actually attending at least some of the meetings he was reporting on. I immediately brought this to the attention of Security Supervisor CLARK E. LOVRIEN. At this time it was decided by Security Supervisor LOVRIEN and myself to set up physical surveillance on the next meeting date of the Cult to determine if [redacted] was actually in attendance.

b7D

In light of our suspicions re informant it was decided to recontact [redacted] PSI, in a further effort to develop information as to the reliability of informant. [redacted] was recontacted 2/2/55 pursuant to my conference with

Memo, Director
MI 66-922
3/30/55

Security Supervisor LOVRIEN at which time a thorough but discreet interview reflected she was unacquainted with informant either by name, physical description or photographs.

On this same date informant furnished a handwritten report for the date 1/16/55. This report upon review turned out to be a second report for the date 1/16/55. This duplication of reports was brought to the attention of Security Supervisor LOVRIEN. Surveillances were established on informant for the meetings nights of 2/2,4 and 9/55. It became obvious that informant did not attend these meetings and from subsequent repeated efforts to contact him it was apparent informant was deliberately avoiding contact.

However, informant was located on 2/22/55, was interviewed at length at the MI Division, where he executed a signed statement admitting false content of his statements during periods of 1955 and the possibility of additional false or unfounded reports during the last six months of 1954.

With regard to the latter, informant contended that although he had not been in actual attendance he, nevertheless, knew from past experience what was happening.

Re explanation from ASAC WILLIAM K. BOCK, who supervised [] as informant from 6/1/54 to 9/20/54, it is to be noted that ASAC BOCK was transferred from MI to Detroit Office departing 9/20/54. b7D

Re SA ROBERT E. GRUSSENMEYER, who was handling case entitled "MUSLIM CULT OF ISLAM, aka etal" it is to be noted that he resigned effective 7/30/54 and is no longer in the service.

Following explanation was secured from Security Supervisor CLARK E. LOVRIEN, who supervised [] for the period 9/20/54 to the present and who supervised MUSLIM CULT OF ISLAM case during entire pertinent period: b7D

This informant was supervised by me from 9/20/54 to the present. From 6/1/54 to 9/20/54 information of a security nature furnished by [] was routed over the security desk, of which I was supervisor, for handling. b7D

The file in the case entitled "MUSLIM CULT OF ISLAM, aka, IS-MCI," was supervised by me on the security desk throughout the pertinent period.

Memo, Director
MI 66-922
3/30/55

As this informant had been furnishing information on the case entitled "MUSLIM CULT OF ISLAM, aka, IS-MCI" I had seen memoranda containing information furnished by him since April, 1953 when the MCI case was changed from a Selective Service violation under MI file 25-2413 by the addition of the Internal Security character. At this time the file number was changed to 105-337. At the time [redacted] was assigned to SA JOHN D. HURLEY, JR. on 8/12/54 file 105-337 was also assigned to him as SA ROBERT E. GRUSSENMEYER, who had been handling 105-337, left the Bureau's service at that time. Although [redacted] as being supervised on the ASAC desk I had reason to, and did, discuss this informant with SA HURLEY. I pointed out to him that the fact this informant was the only source furnishing information on meetings of the MCI constituted an unsatisfactory situation and that he should make every effort to develop additional sources. He agreed and added that as informant had practically ceased furnishing criminal information and was then producing mostly information on the MCI he did not have a means of corroborating informant from the point of view of general reliability as had been possible in the past by corroborating his criminal information. It is the writer's recollection that the reason the ASAC had deemed it advisable to assign this informant to the Security Squad was that by Nov., 1954 he had "dried up" as a criminal informant and was furnishing more information on the MCI than on criminal matters. At the time, however, he had no reason to believe that informant was not attending all of the meetings for which he was submitting reports. The contents of the reports were in agreement generally in regard to the teachings and beliefs of the MCI with the information being furnished by informants in other offices. For example, I recall reading a letter from Baltimore, dated 4/12/54, in the MCI case which set forth verbatim information furnished by [redacted] and noted the similarity of this information to that furnished by [redacted] in regard to the belief that the white man is the "devil" and the negro is a slave, and that Allah will soon tell the black man when to rise up and "kill the devil." In addition to above case reports from other offices also bore this out.

b7D

SA HURLEY and I discussed the development of other sources on several occasions. The possibility of a technical or microphone surveillance was considered and discarded as not feasible. SA HURLEY was urged to attempt to develop another live informant in the Cult but had been unsuccessful in this regard at the time of his transfer.

When informant's case was reassigned to SA STEPHEN W. JENNINGS in Dec., 1954, the case of MCI was also reassigned to him. At that time I discussed with SA JENNINGS the need for additional coverage in MCI and also the necessity of corroborating the information furnished

Memo, Director
MI 66-922
3/30/55

by [redacted] Even though there was no reason to doubt that [redacted] was attending all the meetings for which he was submitting reports SA JENNINGS and I did discuss the fact that informant was not yet a member of the Cult. This situation had previously been pointed out by the Bureau in its letter of 11/15/54 [redacted] and explained by informant to SA HURLEY as shown in Milet to Bureau dated 11/22/54.

b7D

In an effort to obtain further coverage in MCI, SA JENNINGS interviewed Mrs. [redacted] MI, on 1/31/55. Mrs. [redacted] husband is a member of MCI. She had attended several meetings of the Cult and furnished the names of 4 officers and 18 members. Among other things she pointed out that women could not become members as they are subservient to the men. They can, however, attend some meetings. These facts had previously been furnished by [redacted]

b7D

Upon receiving this information from Mrs. [redacted] SA JENNINGS first advised me of it orally and also told he me was in the process of reviewing informant's reports to see if they coincided with Mrs. [redacted] information. Later he told me that of the 22 names furnished by Mrs. [redacted] 13 of them, including the officers, had been previously furnished by [redacted] thus corroborating some of the information furnished by informant. He also told me that in reviewing informant's reports at this time he had been struck with the repetitious similarity of some of the more recent reports raising in his mind the question of whether informant had actually attended all of the meetings. I then instructed him to confer with SA RUSSELL D. JONES for the purpose of setting up a surveillance to determine whether or not informant was attending meetings. I also instructed SA JONES to take charge of a surveillance or series of surveillances whichever was necessary on the meetings of MCI to determine whether or not informant was attending meetings.

b7D

On 2/2/55 SA JENNINGS met informant at which time he received from him 6 written reports. Subsequently, in reviewing these reports for channelizing for various files, SA JENNINGS checked the dates of meetings covered by previous reports and discovered that informant had submitted 2 reports for a meeting held on 1/16/55 -- 1 report submitted on 1/18/55 and the other on 2/2/55.

Surveillances were conducted on 2/2, 4 and 9/55 on MCI meetings but informant did not attend any of them. The Bureau was advised by letter dated 2/4/55 of the fact that investigation was being instituted on informant because of

Memo, Director
MI 66-922
3/30/55

discrepancies in his reports raising doubts as to his reliability. By letter dated 2/4/55 the Bureau authorized continuance of payments to informant for 3 months beginning 2/1/55, this authorization being based on request submitted by this office prior to the time any doubts were raised concerning his reliability. This letter was received in this office on 2/5/55 and routed to SA JENNINGS with written instructions noted thereon to withhold further payments.

Following the surveillance of 2/9/55 SA JENNINGS advised me orally that informant did not contact him and that he was unable to locate informant as informant seemed to be avoiding contact. I instructed SA JENNINGS to locate informant and interview him thoroughly now that we had information indicating he was submitting reports for meetings which he did not attend. This was done on 2/22/55 and signed statement was obtained as indicated by letter to Bureau dated 3/1/55.

Original memoranda obtained from Agents mentioned herein are being retained in the P & C file MI Office.

Rating: Satisfactory

INSPECTOR EDWARDS: Special Agent Thompson, while serving on the SAC's desk as a relief supervisor during the absence of the Special Agent in Charge, approved a semi-annual informant report dated April 15, 1955, to the Bureau with regard to Criminal Informant [redacted] Milwaukee file [redacted] (This report contained an inaccurate summary of an item of information furnished by the informant.) The informant furnished information on December 20, 1954, as to the identity, but not the location of an insurance company used by the Bartenders, Waiters and Waitresses Union in Milwaukee in connection with an alleged extortion being practiced by the union against local tavern owners. However, in the semi-annual justification memorandum to the Bureau dated April 15, 1955, which was approved by Agent Thompson as a relief supervisor, the statement was contained therein to the effect that when the informant was contacted on December 20, 1954, Milwaukee Inspection

It is noted that Agent Thompson was not available for personal interview by the Inspector since he was on annual leave. However, SAC Poster telephonically contacted him to obtain his explanation.

SUBJECT: RICHARD C. THOMPSON, SA
 RICHARD T. MARQUISE, SA
 INTERVIEW OF TUBERCULOSIS PATIENTS

Upon return from In-Service SA MARQUISE advised me the latter part of March, 1955 that he recalled discussion concerning contact of SAs with individuals possibly having contagious diseases.

He reported that on 11/23/54 in connection with the case entitled "RICHARD MATTRELLA wa, Dick: JOHN GASPARI, wa Jackpot; PENELOPE GORFAIN, was, etal, Victims" MI 31-1950, he and SA THOMPSON interviewed one LOUISE TAYLOR at Hurley, Wis. The interview took place in a booth at the Carnival Club in Hurley with TAYLOR sitting opposite the SAs. This interview lasted approximately 45 minutes. On 12/21/54 RICHARD MATTRELLA, who operates the Carnival Club, advised SA MARQUISE that a representative of the Board of Health, Chicago, Ill., had recently been in Hurley looking for TAYLOR as she was reported to have been an active tuberculosis case. TAYLOR's employment was terminated at the Carnival Club in early Dec., 1954 and she left Hurley shortly thereafter. Her present whereabouts unknown.

Dr. CHARLES L. CROTTIER, officer in charge, U. S. Public Health Service, Out-patient Office, Milwaukee, Wis., was contacted and advised that in his opinion there was no more chance that SAs would contract tuberculosis under these circumstances than they would if they came into contact with persons having a tubercular condition on a bus or other crowded place. He suggested they have chest X-ray after a reasonable time and that any further steps should depend upon results of these X-rays.

SA THOMPSON obtained a chest X-ray 8/25/55 in connection with his annual physical examination and results were negative.

SA MARQUISE had a chest X-ray in March, 1955 in connection with his annual physical examination. The chest X-ray was negative. He obtained another chest X-ray at Grand View Hospital, Ironwood, Mich, 9/29/55. This was done in Ironwood as there are no clinical facilities in Wausau, Wis. where he is RA. SA MARQUISE contacted the doctor at Grand View Hospital, Ironwood, Mich. 10/10/55 and determined the X-ray was negative.

NARRATIVE COMMENTS

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION. UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
= Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out on the reverse of form FD-185. So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out on the reverse of form FD-185.

ALLEGATIONS MADE AGAINST SA RICHARD C. THOMPSON BY [REDACTED]
[REDACTED]

Captioned WSTA case was opened 5/17/55 and investigation has been conducted since that date. As reflected in report SA RICHARD C. THOMPSON, MI, 6/21/56, it was contemplated that this case would be presented to grand jury, MI, in Sept. 1956. One of the individuals who has furnished information concerning subject is his divorced wife [REDACTED]. It is noted that altho divorced 4/19/56 [REDACTED] and subject still reside together at this address.

On 8/6/56 [REDACTED] called MI Office to advise she intended to report information concerning subject to his probation officer and requested that SAs of this office be present with the probation officer in order that they might receive the same information. Accordingly, SAs RICHARD C. THOMPSON and [REDACTED] were present in the office of [REDACTED] probation officer, MI County, 8/6/56 when [REDACTED] furnished information concerning current activities of subject, including an allegation that he recently purchased a gun locally and additional information forming a basis for a new WSTA case in which [REDACTED] brother of [REDACTED] is subject. At time of interview [REDACTED] stated she was afraid for her life because of threats made against her by subject [REDACTED] who had specifically cautioned her against furnishing information to any law enforcement agencies.

She appeared apprehensive about this and requested that SAs call at her residence a short time later to make inquiry concerning whereabouts of subject. This inquiry was designed to allay suspicions of [REDACTED] sister to [REDACTED] and [REDACTED] that [REDACTED] was cooperating with authorities. It should

At approximately 11 a.m. 8/6/56 SAs [redacted] and THOMPSON arrived at this address. They were admitted by [redacted] who called [redacted] who apparently had still been in bed. Upon interview [redacted] became very argumentative, sarcastic and insulting. At one point she became so abusive and belligerent that SA THOMPSON, who was principally handling the interview, felt that his own self respect and the respect of the FBI as an organization was being impugned. At this point [redacted] made remarks, as best remembered, as follows:

b6
b7C

"Why don't you investigate something else. Why do you try to involve me in this. Why don't you try to make some money off of me."

SA THOMPSON promptly asked what she meant by this and she said, "because you look like a pimp."

At this point SA THOMPSON took two steps toward [redacted] and said, "nobody calls me a pimp." [redacted] raised her hands above her head and SA THOMPSON struck at her with a manila file folder which he was carrying at the time. The folder struck [redacted]'s upraised arms. [redacted] grabbed a small vase which was standing nearby and attempted to throw it at SA THOMPSON, who prevented it by seizing and holding her arms. He released her and she left the room, entered the kitchen which was adjacent. SAs THOMPSON and [redacted] were in the process of leaving the premises when [redacted] again appeared, coming out of the kitchen with a large butcher knife in her hand. She appeared to be in an enraged condition and advanced toward the SAs making menacing gestures with the knife. SA THOMPSON made it known to her immediately he was armed and would defend himself if attacked. The SAs departed without further incident.

b6
b7C

SAs immediately returned to the office and explained the situation to SAC JAMES B. POSTER.

Attempts have been made since then to interview [redacted] concerning this incident without success.

On the evening of 8/6/56 a phone call was received by Security Patrol Clerk [redacted]. The person calling identified himself as Prophet M. D. WILLETTTE [redacted]. He said he had been advised by [redacted] that she had been assaulted that day by SA THOMPSON of the FBI. [redacted] stated he was a preacher in Little Rock, Ark. but refused to give his address there, stating he could be contacted at [redacted] MI, if necessary. He stated that on 8/6/56 two FBI SAs had interviewed [redacted] and that when she refused to state that [redacted] was a pimp that SA THOMPSON had slapped [redacted] face. He said he intended to get a warrant for SA THOMPSON's arrest because of this assault.

b6
b7C

As a result of efforts to interview [redacted] she telephonically contacted the MI Office on morning 8/7/56 and advised SA THOMPSON she had been unable to get away from her home as [redacted] and his relatives were watching her very closely and apparently were suspicious of her. Inquiries made about the phone call the previous evening were made and she stated positively that the call had been made by [redacted] residence. She also stated she would not testify on behalf of [redacted] if any action were taken as indicated above. She stated she would be available for personal interview as soon as she could safely make arrangements to come to the office without causing any suspicion of her relatives. It is expected this will be within the next day or two.

Dear Mr. Thompson:

The Bureau has carefully considered all of the information which has been submitted relating to an incident which occurred on August 6, 1956, during an interview conducted by you and another agent of the Milwaukee Office with a certain individual in the White Slave Traffic Act case involving [redacted]. On this occasion you used very poor judgment in resorting to physical action against this individual upon verbal provocation and in an absence of a need to defend yourself against any bodily harm.

Such action on your part could prove to be very embarrassing to you and to the Bureau and accordingly you are being placed on probation. In the future you will be expected to exercise better discretion in the performance of your investigative duties so that it will not be necessary to again criticize you in this manner.

Very truly yours,

John Edgar Hoover

NOTE: In airtel 8/7/56, SAC, Milwaukee, furnished information concerning an altercation which occurred between [redacted] and SA Richard C. Thompson. On 8/6/56, SA Thompson, accompanied by SA [redacted] went to home of [redacted] sister of subject, to interview [redacted] sister of [redacted] and the subject, allegedly made insulting remarks directed at SA Thompson to the effect that he looked like a pimp. This provoked Thompson, who took two steps toward her stating "nobody calls me a pimp." [redacted] raised her hands and SA Thompson struck at her with a manila file folder he was carrying. [redacted] then grabbed a small vase and attempted to hit Thompson and subsequently obtained a butcher knife and advanced toward the Agents, but the knife was not used. The Agents departed from the premises. SAC, Milwaukee, made no recommendations as to administrative action.

Briefly, this interview was result of request by [REDACTED] divorced wife of subject [REDACTED] had been accused by subject, his sister [REDACTED] and other relatives of furnishing info to FBI. [REDACTED] attitude has been described by both Agents and [REDACTED] as insulting and particularly, in several instances remarks reflected upon law enforcement officers in general and on at least one occasion was derogatory concerning the FBI. The climax of the affair was reached when [REDACTED] asked questions of SA THOMPSON, the tenor of which was that he should make some money off of her, [REDACTED]. SA THOMPSON asked her what she meant and she said that he looked like a pimp. SA THOMPSON stepped toward [REDACTED] and said that nobody called him a pimp. [REDACTED] raised her hands above her head and SA THOMPSON struck at her with the flat side of a bellows-type folder, which he was carrying. The folder struck her arms. She immediately grabbed what SA THOMPSON described as a small vase but which [REDACTED] states was an ashtray, and attempted to strike SA THOMPSON with it. He seized her arms and held her to prevent this. She dropped the article and SA THOMPSON released her. She left the room, entering the kitchen which is adjoining, and emerged with a butcher knife. She appears to have made threatening motions toward the Agents with the butcher knife. SA THOMPSON immediately made it known he was armed and would defend himself if attacked. The Agents left without further incident.

b6
b7C

After attached statement was obtained from [REDACTED] she advised that since this incident she has been present while [REDACTED] were discussing it. [REDACTED] recalls a telephone conversation by [REDACTED] to the MI Office on the evening of 8/6/56 where [REDACTED] pretended to be his own father and stated he was going to swear out an arrest warrant for SA THOMPSON who, that morning, had slapped [REDACTED] because she would not state that [REDACTED] was a pimp. [REDACTED]'s advice was sought by the [REDACTED] as she was once employed by an attorney. After some discussion it was decided that it would not be a good idea to try to press any charges concerning this matter. As previously stated [REDACTED] told them she would not be a witness in any such proceedings on their behalf. [REDACTED] does not believe there will be any action in this matter in the future.

In addition [REDACTED] advised that since this incident [REDACTED] has described it to her relatives and several others who were present, and on each occasion she embellishes her own part in the affair. On the last occasion she also stated she had once handled a Chicago policeman in the same manner. We have no information on this and inquiry at Chicago PD concerning [REDACTED] record reflects no confirmation.

b6
b7C

After talking to [REDACTED] and both Agents, I have reached following conclusion. SA [REDACTED] had no active part therein. The matter was promptly reported to SAC JAMES B. POSTER immediately after it occurred. It is noted that [REDACTED] has been arrested on at least two occasions for prostitution and narcotics. She is described by [REDACTED] sister-in-law, as a mean and nasty person who detests law enforcement and who has cast aspersions on law enforcement as a profession, including the FBI. It is my opinion that she deliberately insulted and attempted to goad SA THOMPSON and that her remarks were such as to cause him to make a motion to strike her with the envelope he carried. In my opinion there is no Agent in this office who gives a better performance than SA THOMPSON or who has more pride in his work and in the FBI. I am convinced that he felt that he, as an Agent of the FBI, and the organization itself, was being impugned by a common prostitute, and that her continued goading impelled him to demonstrate his resentment. I have discussed this matter with both SAs THOMPSON and [REDACTED] particularly SA THOMPSON, and pointed out that such incident could result in embarrassment upon him and the Bureau. I am sure that both of them thoroughly understand the situation fully and will take appropriate precautions against being drawn into, or involved in, any such situation in the future. It is, therefore, my recommendation that no formal administrative action is necessary.

SUBJECT: [redacted] was:

b6

[redacted]
divorced wife of subject, has furnished substantial information in this case, which is expected to go to the grand jury when it next meets. [redacted] although divorced from subject on 4/19/56, is again living with subject, whose activities must be followed in view of the USA's decision not to authorize the filing of a commissioner's complaint.

b6
b7C

Therefore, when [redacted] telephoned this office 8/6/56, advising that she intended to report information concerning subject to the latter's probation officer and requesting that agents be present so that the FBI would be informed at the same time, I took SA [redacted] with me and participated in the interview of [redacted] in the office of [redacted] probation officer for Milwaukee County courts. During this interview, which took place 8/6/56, [redacted] alleged that subject had purchased a gun, that he had failed to support her and their child (pursuant to divorce terms), that he had mistreated her and that she was now afraid for her life. She stated the subject had particularly cautioned her against reporting him to any law enforcement agency. She also advised that subject left Milwaukee for Cleveland about 8/2/56 and had not returned.

b6
b7C

Privately, after interview by [redacted] had terminated, [redacted] furnished information serving as the basis of a new case involving subject's brother and entitled [redacted] Unknown Victim, wa, [redacted] WSTA." SA [redacted] and I then drove [redacted] where her children were staying. Before taking her departure, she requested that the agents call on her (in about 15 minutes) at [redacted] Ave. to ask the whereabouts of subject. She said she would deny knowing where he was to allay suspicion on the part of [redacted] subject's sister, that [redacted] was cooperating with authorities.

b6
b7C

It should be noted that SAs [redacted] and I interviewed [redacted] on 8/2/56, because of allegations by two CIs that she was a prostitute from Chicago suspected of hustling for subject. In the course of that interview

SA [redacted] and I arrived at [redacted] about 11 a.m. 8/6/56 and were admitted by [redacted] I asked her where subject was and she said she didn't know. She then called [redacted] who was apparently still in bed, saying that the FBI wanted to see her again. [redacted] soon appeared and I asked her the whereabouts of subject. She became belligerent and sarcastic at the outset, giving answers such as, "Don't ask me, ask her (pointing to [redacted]) she's his wife." Her attention was then called to the false information furnished by her about her occupation during the previous interview. She then became more argumentative and insulting and commenced a tirade which I could only take as an attack upon this organization and every member of it and upon myself in particular. I could not help but feel that something had to be done to uphold my self-respect and the respect of this organization.

b6
b7C

As well as I can recall, [redacted] tirade consisted of a series of sarcastic questions which culminated in her calling me a pimp. The tenor of the questions, uttered in a loud, belligerent and insulting voice, was: "Why don't you investigate something else? Why do you waste your time investigating me? Why are you trying to involve me in this? Why don't you try to make some money off of me?"

b6
b7C

I asked what she meant by the last statement and she said, "Because you look like a pimp."

I then took two steps toward [redacted] saying, "Nobody calls me a pimp." [redacted] raised her hands above her head and I struck at her with the flat side of a manilla folder which I was carrying. The folder struck [redacted]s upraised arms. She immediately grabbed a small vase which stood nearby and attempted to throw it at me, but I held her arms to prevent her from doing so. She dropped the vase and I released her at once. She then left the room and SA [redacted] and I were in the process of leaving when she returned with a butcher knife. She appeared to be in a rage, made menacing gestures with the knife and advanced toward us. I then made it clear to [redacted] that I was armed and would defend myself if attacked. She stopped and SA [redacted] and I left without further incident.

b6

I, together with SA [redacted] who was more an innocent bystander than a participant in this incident, immediately reported this incident to SAC JAMES B. POSTER.

Memo, SAC
MI 66-922

I also weighed the manilla folder upon return to the office: 14 oz.

I wish to state that the verbal attack by [redacted] was unprovoked on my part, and that I knew at the time that her insults upon decent law enforcement were made by a woman who had admitted 4 days previously that she had been twice arrested as a prostitute.

SUGGESTION #76-57

Made by SA Richard C. Thompson
Milwaukee Office

SUGGESTION: That each office establish a suspect file containing the names of logical suspects in crimes within Bureau's jurisdiction. Suggester proposes the use of perforated cards, such as sold by the Mc Bee Company, New York, New York. Cards would be segregated into categories such as criminal proclivity, race, sex, height, age, etc.; by use of a wire instrument, cards can be picked out of the file to correspond to description of suspect of a particular case. Suggester also proposes that these cards bear our principal file references, including location of photograph, where available.

PRESENT PROCEDURE: At present, no suspect file is maintained.

ADVANTAGES STATED: Will facilitate obtaining information on logical suspects in Bank Robbery, Interstate Transportation of Stolen Motor Vehicle Cases and other matters in which there are unknown subjects. Suggester feels our present indexing system is not sufficiently effective as this information is obtainable in our files, but only by thumbing through volumes of files since the general index contains no key to locating desired information. Index searches are on basis of proper names.

OBSERVATIONS: SAC Poster, Milwaukee, states that he has studied the suggestion and believes it has a great deal of merit and should be given consideration by the Bureau.

Mr. Winterrowd, Investigative Division, recommends unfavorably. Due to the interstate nature of crimes within Bureau's jurisdiction, such a file would be of no practical use if it only contained names of suspects within a field division. If all field divisions were to exchange the information, it would result in files too voluminous to handle by the individual field offices and would be the type of file that should be maintained at the Seat of Government. Mr. Winterrowd does not feel that the results obtainable from such a file maintained at the Seat of Government would warrant the expenditure of time and money required in view of the number of cards which would be involved. He also points out that the purpose for which this file was suggested is being carried out in part by use of the Bank Robbery Album, General Appearance File on confidence men, the Confidence Men File, and exchanges of appropriate

Attachment

The files of each office contain a wealth of information which is not readily available because of our system of indexing is not sufficiently effective. This is especially true in the field of suspects to various crimes under FBI jurisdiction. Our files contain information, personal data and even photographs of persons who are logical suspects in bank robberies, ITSMV cases and other matters in which there are unknown subjects, yet this information is only obtainable by thumbing through volumes of files, since the general index contains no key to locating the desired information. For example, the index does not provide a means of finding references to persons with given criminal potentialities or answering given descriptions. Our index searches are on the basis of proper names.

As a result we find ourselves (in our searches for logical suspects) talking to police officers and others and relying on their memories for suggestions. Whereas this method is often effective, it does not afford adequate coverage and should be supplemented by the information already recorded in our files over the years.

It is, therefore, suggested that consideration be given to establishing a suspect file which may be used on a day-to-day basis by Special Agents, which should be added to on a day-to-day basis and from which it will be unnecessary to eliminate cards, unless the corresponding suspects are known to have died.

Such a file may be made up of perforated cards, such as are offered commercially by the Mc Bee Company. (Cards of this type are now used effectively by doctors for locating case histories relating to types of operations, diseases, treatments and the like). Each card will be notched in such a manner that all BR suspects, for example, may be lifted from the file at one time. From this group, in turn, can be lifted suspects segregated on the basis of elements of their descriptions, that is, race, height, weight, age, peculiarities, etc. Since the cards are pulled by means of a wire instrument, they need not be in alphabetical or any other systematic order and refiling is not a problem. The cards located for consideration in any given case may be found in a matter of seconds. Each will contain, typed on its face, the principal file references to that particular suspect, the location of a photograph and such identifying data as his FBI number and home city.

It is suggested that this system would entail a small amount of clerical work but would serve as an effective locator for information on suspects which otherwise lies dormant in our files.

Why do you waste your time investigating me? Why are you trying to involve me in this? Why don't you try to make some money off of me?" on a narcotics charge. She was again arrested by the Chicago Police Department, 6/6/56, on a charge of soliciting for prostitution. She is scheduled to appear in Women's Court, Chicago, on 8/22/56. Milwaukee advised that she had been previously interviewed in a White Slave Traffic Act matter and two arrests in Chicago for prostitution.

RECOMMENDATION OF SAC, MILWAUKEE: (by Acting SAC Smith)

The SAC, Milwaukee states that after talking to [redacted] and both Agents, he has ascertained that SA [redacted] took no active part. The matter was promptly reported to the SAC immediately after it occurred. He points out that [redacted] has been arrested for prostitution and narcotics and has been described by [redacted], her sister-in-law, as a mean, nasty person who has cast aspersions on law enforcement as a profession, including the FBI. He said it was his opinion that [redacted] deliberately attempted to goad SA Thompson and he felt that Thompson as an Agent of the FBI who has pride in his work and in the organization felt that he as an Agent and the organization itself was being impugned by a common prostitute and he was impelled to demonstrate his resentment. The SAC has discussed the matter with both Agents and feels sure they realize such incident could have resulted in embarrassment upon them and the Bureau and both will take appropriate precautions against being drawn into such a situation in the future. The SAC recommends no formal administrative action.

b6
b7C

RECOMMENDATIONS OF THE INVESTIGATIVE DIVISION:

While it is true that undoubtedly SA Thompson was goaded into action by [redacted] the prostitute, and undoubtedly felt she was casting aspersions on himself and the Bureau; nevertheless, it is felt he used poor judgment in striking at [redacted]. For this reason it is recommended that he receive a strong letter of censure.

b6
b7C

I think we should admonish the Agent that despite the provocation he should not have resorted to physical action in the absence of need to protect himself. LAG

In connection with SA [redacted] he took no part in the altercation and the Investigative Division concurs with the recommendation of the SAC that no administrative action is necessary.

At 9:20 p.m. 10/3/56 the MI Division was advised telephonically by a RA at Muskegon, Mich. that captioned subjects were presumably in vicinity of Western Union office, MI, awaiting arrival of \$20 money wire which [redacted] mother, a resident of Muskegon, Mich., had been requested to send. It was indicated she was going to send the wire within the next 15 minutes. The Muskegon RA further stated that [redacted] was AWOL from U. S. Army, had stolen automobile at Muskegon, Mich., and that under date of 9/28/56 the Bureau advised Detroit that the U. S. Air Force had requested Bureau assistance to locate subject [redacted] who had deserted from Lackland, Texas Air Force Base on or about 8/11/56.

67-401-1446

At the time the foregoing reached the MI Division, RICHARD C. THOMPSON, ALBERT B. KNICKREHM and [redacted] were the only agents then at [redacted] Office. Realizing that in all probability only a few moments might be available in which to locate subjects, SAs THOMPSON, KNICKREHM and [redacted] quickly organized and departed for Western Union office located at 320 E. Wisconsin Ave. In view of the limited status of SA [redacted] it was arranged that he would assist in surveillance operations to locate subjects and the car in which they reportedly had been riding, and SAs KNICKREHM and THOMPSON were to effect the arrest of subjects in the event they were located. Agents arrived at Western Union office at approximately 9:30 p.m., 10 minutes from the time of receipt of initial information from RA in Muskegon, Mich., and subjects were located and immediately taken into custody without incident. Time was of the essence to the extent that these agents were enroute to Western Union office, MI, at time the Security Patrol Clerk on duty advised me telephonically of the situation.

As the Bureau was advised in re-airtel, authorized complaint was filed against subject [redacted] on following day charging him with violation of Section 2312, Title 18, U. S. Code, in that he transported an automobile from Muskegon, Mich., to Milwaukee, Wis., on 10/3/56, knowing same to have been stolen, and that this vehicle was recovered by MI Division.

NARRATIVE COMMENTS

DEC 12 1955

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION. UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee RICHARD C. THOMPSON Title Special Agent
Rating Period: from 4/1/56 to 11/30/56

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
○ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out on the reverse of form FD-185.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out on the reverse of form FD-185.

The performance of Special Agents of the Milwaukee Division on November 20 and 21, 1956 in connection with captioned matter in my opinion merits commendation.

On November 20, 1956 at approximately 5:00 P.M., the St. Louis Division telephonically informed that on the weekend of November 17 and 18, 1956 the Royal Typewriter Co., St. Louis, Mo., had been burglarized, and typewriters with a total valuation in excess of \$15,000. had been stolen and reportedly transported interstate to Geneseo, Wis. It was indicated that the typewriters may have been deposited in a storage place at the Century Water Co. in Geneseo, and that one [REDACTED] Chicago, Ill., had received the stolen machines which had been transported interstate.

b6
b7C

Immediately, I organized a squad of Agents, and by 6:00 P.M. November 20, 1956 this squad was enroute to Geneseo in an effort to locate and recover the stolen typewriters, and to locate and interview [REDACTED]

b6
b7C

Investigation at Geneseo disclosed that the typewriters were not located at the Century Water Co. However, these Agents with genuine perseverance and tenacity developed the identity of a female colleague of [REDACTED] who upon interview denied knowing anything concerning the typewriters in question. Utilizing imagination and resourcefulness, the Agents developed the identity of the son of the aforementioned female colleague of [REDACTED] and through skillful interrogation of the son, information was developed indicating the strong possibility that the typewriters had earlier on the day of November 20, 1956 been taken to North Prairie, Wis. Immediately, the Agents proceeded to North Prairie, and there recovered 47 Royal typewriters which had been stolen at St. Louis. The recovery was effected at approximately 10:00 P.M. on November 20, 1956.

b6
b7C

Milwaukee Agents then covered the area of the Century Water Co. in Geneseo, a small town, throughout the night of November 20, 1956 and continuously until approximately 2:45 P.M. on November 21, 1956. This coverage was for the purpose of locating [REDACTED]

ReBulet dated 11/29/56 and Milet dated 11/23/56.

SAs JOSEPH G. PEGGS, RICHARD C. THOMPSON, JOHN H. GASSAWAY, JULIAN G. CLARK and ALBERT B. KNICKREHM composed the original squad I detailed at about 6 p.m. 11/20/56 to Genesee, Wis., upon receipt of original information in this matter from the St. Louis Division. SA PEGGS was placed in charge of the squad and I personally coordinated the investigation via the radio and telephone from the headquarters office.

After preliminary inquiry at Genesee, Wis. SAs PEGGS, GASSAWAY and THOMPSON proceeded to a bowling alley in Mukwonago, Wis. where [REDACTED] was interviewed, and SAs CLARK and KNICKREHM maintained the surveillance on the Century Water Co., Genesee, on the possibility that subject [REDACTED] would there appear. After interviewing [REDACTED] it was felt that she was withholding information and, accordingly, SA GASSAWAY remained at the bowling alley and maintained a surveillance on her while SAs PEGGS and THOMPSON located [REDACTED] at the Bowling Center, Waukesha, Wis. Through skillful interview of [REDACTED] by SAs PEGGS and THOMPSON information was elicited that the type-writers in question had been taken to the residence of [REDACTED] North Prairie, Wis. SAs PEGGS and THOMPSON immediately proceeded to North Prairie and located and recovered the stolen typewriters in the [REDACTED] garage.

SAs CLARK and [REDACTED] were then detailed to North Prairie where they assisted in the inventory of the recovered machines. Shortly before midnight on 11/20/56, I instructed SAs [REDACTED]

[REDACTED] to each sign out a Bureau car, remove the rear cushion from each, proceed to North Prairie, and to load and return the 47 recovered typewriters to the Milwaukee headquarters office for safekeeping until they could be turned over to the USM. SAs CLARK and KNICKREHM assisted in loading and unloading the recovered machines.

ADDENDUM BY INVESTIGATIVE DIVISION: (TWC:rfc) 12/7/56

The Investigative Division feels that although the outcome of this case reflects a high level of performance, since the SAC does not indicate that any specific agent was outstanding above others, the matter should be handled by one letter rather than individual letters to each agent. It is noted that after inquiry by the Bureau as to the activities of each agent, the SAC summarized in his last sentence by stating "In view of the superb teamwork practiced in the operation" commendation is merited.

SA RICHARD C. THOMPSON
GENERAL POLICE INSTRUCTOR

Reurlet 3/8/57.

Bureau authorizes you to resume using SA Thompson as a general police instructor.

NOTE: By SAC Letter dated 2/5/57, the Field was advised that agents on probation should not be used as instructors in police schools, and that when an instructor, who has not been used because of his being on probation, is removed from probation and the SAC desires to resume using him in police schools, SAC should direct a letter to Bureau indicating the date the agent was removed from probation and advising that he desires to resume using him in police schools.

By Bulet 8/30/56, SA Thompson was placed on probation. He was advised Bureau had carefully considered all information submitted relating to an incident which occurred 8/6/56 during an interview conducted by him and another agent with an individual in an WSTA case. He was advised he had used very poor judgment in resorting to physical action against this individual upon verbal provocation and in the absence of a need to defend himself against bodily harm.

(On 8/6/56, while SA Thompson and another agent were interviewing [redacted] a prostitute, her attention was called to various false data previously furnished by her. She started a tirade which SA Thompson construed as an attack upon the FBI as well as himself. The tirade culminated in a series of questions the last of which was, "Why don't you try to make some money off of me?" SA Thompson asked [redacted] what she meant by that last question, and she replied, "Because you look like a pimp." SA Thompson then took 2 steps toward [redacted] saying, "Nobody calls me a pimp." [redacted] raised her hands above her head, and SA Thompson struck at her with the flat side of a manila envelope he was carrying. The envelope struck her up-raised arms. She immediately grabbed a vase and attempted to throw it at SA Thompson; however,

he held her arms to prevent her from doing so. She then left the room, returned with a knife and advanced toward the 2 agents. SA Thompson made it clear he was armed and would defend himself if attacked. She stopped her advance and the 2 agents departed without further incident.)

On 11/30/56, SAC, Milwaukee advised that SA Thompson has accepted the administrative action in the proper spirit, and he (SAC) recommended that SA Thompson be removed from probation, in view of the fact he is a mature, widely experienced, employee who possesses unusual zeal, enthusiasm in his work, and is exceedingly conscientious. By Bulet 12/11/56, SA Thompson was removed from probation. By Bulet 1/17/57, SA Thompson was commended for his effective participation in the apprehension of a subject of a Unlawful Flight to Avoid Confinement - Robbery case.

Since SA Thompson is no longer on probation, it appears he should again be used in police schools.

Re FD-220 submitted by MI 2/20/57.

In connection with apprehension of this fugitive I desire to call to the Bureau's attention circumstances surrounding the apprehension of this fugitive as I feel that such apprehension was executed under circumstances which warrant commendation for the employees participating.

On 2/20/57 SA CLARK E. LOVRIEN, to whom this case was assigned, located subject's wife and mother-in-law for interview. After thorough interview SA LOVRIEN was able to get the mother-in-law, and as a result the wife also, to admit subject was in MI. After a short time it was determined from them that subject was employed locally and obtained the address of his employment. Inquiry at this address determined subject was not working at the time. As a result of investigation previously conducted, SA LOVRIEN also interviewed subject's mother, who resided at a 2nd address, and a friend of subject, who lived at a 3rd address. It was determined that this friend was very close to subject. Upon returning to the office at close of day SA LOVRIEN expressed desire to reinterview above identified individuals again during evening hours. He was granted authority to use additional help. In what I feel was a fine demonstration of cooperation and attitude, SAs [redacted] ALBERT B. KNICKREHM [redacted]

b6
b7C

[redacted] RICHARD C. THOMPSON and [redacted], upon learning of SA LOVRIEN's plans, immediately volunteered to assist him. Accordingly, SAs formulated plans to divide into teams of two and interview the people identified as follows:

SAs LOVRIEN and THOMPSON were to reinterview wife and mother-in-law.

SAs [redacted] and KNICKREHM were to reinterview subject's mother.

SAs [redacted] were to reinterview the friend. MAR 21 1957

Re: [REDACTED]

DESERTER
RECOMMENDATION FOR COMMENDATION

Accordingly, all interviews were initiated at approximately 9 p.m. and were intended to last about one hour. At approximately 9:45 p.m. subject contacted his friend telephonically. This person was cooperative and SA [REDACTED] stood by the phone and wrote questions for him to ask subject which were designed to determine subject's location. At the end of 3 minutes the operator cut in and the friend was told to tell subject he would call him back and to get his number. Subject furnished a phone number to his friend, who waited several minutes and returned the call. In the meantime SA [REDACTED] immediately returned to Bureau car, contacted MI Office by radio, and asked Security Patrol Clerk [REDACTED] who was on duty to see if he could obtain location of phone from where subject had called. [REDACTED] immediately contacted the Telephone Co., obtained appropriate supervisor, and location of address from where call came. SAs THOMPSON and LOVRIEN had just concluded their interview and were preparing to come back on the air when they picked up the call by which [REDACTED] advised of the location. As they were in motion they immediately proceeded to the address given, which was some 20 blocks away. It developed the call was being made from a neighborhood movie house. They entered the movie house, determined location of the public pay phone, and found subject still in phone booth.

On basis of fine planning, cooperation and execution of apprehension of subject, I feel following employees are to be commended and I so recommend:

Security Patrol Clerk [REDACTED]

SA [REDACTED]

SA ALBERT B. KNICKREHM

ADDENDUM OF ADMINISTRATIVE DIVISION: CRD:jc 2/23/57

This case appears to have been handled with precision and intelligence. It very definitely was a team operation and it appears difficult to single out any of the employees for special recognition without including all. Neither the importance of the case nor the performance of the employees appears to justify individual letters to each employee.

RECOMMENDATION:

It is felt that a general letter to the SAC asking him to extend the Director's commendation to each of the employees who participated in this team operation would be more fitting and such a letter is attached for approval.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

Name of Employee RICHARD C. THOMPSONTitle Special Agent GS-13Rating Period: from 4/1/56 to 3/31/57

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

- Rate items as follows:
- + Outstanding (exceeding excellent and deserving of special commendation).
 - E Excellent.
 - ✓ Satisfactory (good or very good).
 - Unsatisfactory.
 - O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

1. "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 - B. An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

Under date of 12/13/56 he was commended by the Director, along with several other agents, for fine work in the successful investigation of an important ITSP case, and under date of 1/17/57 the Director forwarded a letter of commendation to him for his effective participation in the apprehension of an armed and dangerous UFAC-ROBBERY fugitive. Under date of 3/1/57 he was commended, along with several agents, in a letter from the Director for the location and apprehension of a Deserter-Fugitive. SA Thompson's assignments during the rating period have been predominantly in the criminal field. 5. The Milwaukee Division was originally in possession of five copies of the report of SA [REDACTED] dated September 30, 1954 at Milwaukee. One copy of this report was forwarded to the New York Division. The four copies in possession of Milwaukee bear the initials "CEL," the initials used by CLARK E. It should be noted, however, that the report of SA [REDACTED] was originally typed on a Duplimat and the Milwaukee Division is unable to determine if the mat had been read by SA [REDACTED] prior to its reproduction.

Reurlet 5/3/57.

It will not be necessary for you to designate an agent to attend the Criminal In-Service courses scheduled to begin 5/13/57 or 5/27/57.

It is noted that SA Joseph W. Kriofake attended a General Police Instructors School in 1947; therefore, he is not being considered for attendance at such a school at this time and should be scheduled to attend Criminal In-Service in 1957.

SA Richard C. Thompson will be considered for attendance at a General Police Instructors School in 1957 and therefore should not be scheduled to attend In-Service training.

For your future guidance in such matters, the General Police Instructors Schools being held at the Seat of Government are for the purpose of training those agents who have been approved as General Police Instructors but who have not attended such a school at the Seat of Government and to train agents who are not approved General Police Instructors but who have been recommended by their SACs for such assignment.

Office Memorandum • UNITED STATES GOVERNMENT

TO : Director, FBI

DATE: 5/3/57

FROM: SAC, Milwaukee (1-172)

SUBJECT: IN-SERVICE (CRIMINAL)

ReMilet 4/26/57 advising that, UACB, no MI SA was being designated to attend the In-Service (Criminal) training course scheduled to begin 5/13/57.

That action was prompted by the fact that the one remaining SA scheduled to receive In-Service training in 1957 who was not in one of the excepted categories had approved annual leave within the period of the In-Service course scheduled to begin 5/13/57.

Re Bureau Routing Slip enclosed dated 5/1/57 requesting that the Bureau be advised of the type of work SAs JOSEPH W. KRIOFSKE and MARZETTE W. MEEKINS are presently assigned.

Reference is also made to Bulet dated 4/30/57 requesting that a MI SA be designated to attend In-Service (Criminal) trainings scheduled to begin 5/27/57 who did not fall within the specified excepted categories.

SA JOSEPH W. KRIOFSKE is the coordinator of police training in MI Division. Since 10/21/47 he has been an approved General Police Instructor and Traffic Instructor. SA KRIOFSKE should, accordingly, attend Police Instructors School and, for that reason, he is not being designated to attend In-Service (Criminal) courses scheduled to begin either 5/13/57 or 5/27/57.

SA MARZETTE W. MEEKINS is assigned to criminal type work and he is the SA for whom annual leave has been approved beginning 5/20/57 through 5/31/57. In view of the period for which annual leave has been approved SA MEEKINS is not being designated to attend In-Service (Criminal) training for either of the courses scheduled to begin 5/13/57 or 5/27/57, UACB.
